

## Percentage of Berks County Students Attending 2 & 4 Year College or University

\*The chart represents school districts where the majority of Berks Catholic students live. Data represents graduates in 2021; the most recent statistics for the State of Pennsylvania. Data Source: Public high school data from Pennsylvania Department of Education website, <https://www.education.pa.gov/Data-and-Statistics/Pages/default.aspx>

Dear Saint Families,

While we are certainly proud of the 89% college bound population, the bigger story is how our students get to this point. Centered on our four pillars of success: God, Family, Academics and Fun Berks Catholic High School is committed to forming and positively impacting each student spiritually, intellectually, socially, and emotionally. Our mission is to have our Saints lead productive lives of service, and to be college and life ready.

Berks Catholic provides four years of comprehensive college programming and individualized college planning designed and conducted by dedicated college admission professionals. Mr. Josh Ditsky and Mr. Mike Piersol have a combined 55 years of college admission experience and have worked at a variety of colleges and universities as undergraduate and graduate admission directors. They utilize their knowledge, expertise, and professional network to provide each Berks Catholic student with an educational plan tailored to them.

Berks Catholic is committed to helping its students and families navigate the increasingly competitive world of college admission in order to find the most appropriate academic, social, and cultural match. As our Director of College Counseling says **“IT’S ALL ABOUT THE FIT.”**

William H. Hess,

Head of School
