

HOSTMY

When you need the right solution for your communication needs, take the time to consider who you partner with.

Along with your business's technical needs, you need a service provider who can offer **hassle-free support**, and that you can trust to **not surprise you with hidden fees**.

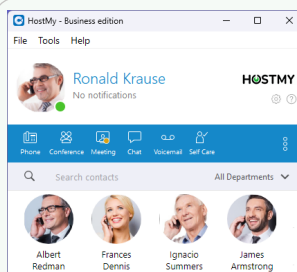

HostMy provides modern phone systems with mobile integration, HIPAA-ready business texting, and digital faxing solutions. More importantly, we offer **dedicated, U.S. based support, transparent billing, and unparalleled reliability**.

INTRODUCING HOSTMYText
