Early Decision Agreement

ED is the Early Decision program initiated by TBSAA, The Boarding School Association of America. Early decision is an excellent option for students who have already decided the first choice of their school list. Early decision is binding, applicants who are accepted agree to enroll at ED school and withdraw applications to other schools. Schools will give careful and priority consideration to ED applicants. Students are encouraged to apply under Early Decision if they are confident about their top choice.

Applicant should choose only ONE school for the ED agreement. Applicant should submit application before application deadline. If admitted, applicant must make full payment of tuition to ED school within 7 days and withdraw applications to all other schools immediately. The payment is non-refundable unless student F-1 visa was denied, in this case, school may charge some fee according to their regular refund policy. The refund policy can be found on the student's acceptance letter or enrollment contract. If not admitted, applicant can sign ED agreement with another school.
