OFF TO A GREAT START IN 2025

Winter is the quiet time for artists with fewer events and shows. I have enjoyed the time to create new works and make plans for the year. In this issue: My Curina webpage was officially launched and I have connected with a new location for Art-A-Whirl®.

CURINA

[My page on Curina](#) has officially launched! [Curina](#), an online “bridge between collectors, galleries, and artists” based out of New York. I am honored to be invited to join their art community. We share the belief that anyone should be able to own original art. They provide an online space for artists to feature their work available to rent or buy. Watch for posts in the coming weeks for updates and featured links to my Curina page.

ART-A-WHIRL® 2025

I will be participating in [Art-A-Whirl®](#) for the third time this year. This year, I will be at a new location, [Minneapolis Cider Co](#). They will be hosting about 10-15 artists in their event space. “Located in Minneapolis’s Mary-Homes neighborhood in NE, Minneapolis Cider Co combines authentic French crepes with craft cider, cocktails, and cannabis-infused beverages.” They also offer pickleball, and many weekly events. 2025 marks the 30th year of this amazing art event, which has grown to the largest open studio tour in the country. Over 1600 NEMAA member artists, galleries, and businesses participate across all of Northeast Minneapolis at 100+ locations. Please join me to experience all Art-A-Whirl® has to offer: art, interactive activities, live music, and food. A free event open to the public.

ONLINE

Check out the new photo section of the News page of my website.
