

There are a multitude of volunteers organizing golf events, golf tournaments, golf leagues, golf associations, golf boards, and other golf groups in Nebraska every day.

So, it is a huge honor for me to be singled out and selected for this award.

Few, if any of us do it for the glory, but it is nice to be recognized, and appreciated.

Very few accomplishments are individual efforts.

I certainly would not have accomplished much in life without the support of my bride of 52+ years, Linda. Or the without the support of my family and many friends.

Likewise, the Central Nebraska Senior Golf Association would not exist or thrive without the hard work and support of its Board of Directors, its members, its host clubs, and other volunteers.

I accept this award for ALL of us.

Thank you
