Accepting stock directly from each donor ensures that we understand the intent behind your gift and your preferences for recognition.

**I support Small Talk because they provide hope for the most vulnerable in our community – our children.**

**Choosing to donate stock that has appreciated for more than a year allows for a larger contribution because I'm not taxed on the capital gains.**

**That means more money can go directly to Small Talk to help them work towards a community where every child is safe from sexual and physical abuse.**
