IV. Budget Narrative provided by Eckerd

Program Staff Benefits

(1) FICA is calculated at 7.65% times payroll that is subject to FICA taxes. If an employee has deductions from their check for qualifying health benefits, their taxable wages are reduced by that same amount.

(2) Unemployment – Eckerd Connects is self-insured for unemployment. The rate is set by a company that administers the unemployment program. The rate is .596% and is applied to actual payroll.

(3) Workers Compensation – The rate is an estimate based on the previous fiscal year's actual workers compensation expenses as a percentage of the company's projected total salaries for the upcoming year. This is considered a "provisional rate" and will be adjusted (if needed) in the middle of the fiscal year as actual expenses are incurred. The rate is .05% and is applied to actual payroll.

(4) Pension – The rate is an estimate based on the previous fiscal year's actual retirement expenses as a percent of the company's projected total salaries for the upcoming year. This is considered a "provisional rate" and will be adjusted (if needed) towards the end of the fiscal year as the actual employer contribution is calculated. The rate budgeted is 2.20% and is applied to actual payroll.

(5) Health Insurance – The health insurance rate is calculated based on the total number of employees electing coverage. The actual per employee per year rate is calculated as estimated total health claims and administrative expenses divided by the number of employees electing coverage. This is converted to a monthly amount and charged to each contract based on employees that have elected coverage. This is considered a "provisional amount" and will be adjusted as the actual expenses are incurred. The amount per employee per month is \$995. The monthly amount is multiplied by the Full Time Equivalent amount (FTE). To calculate the FTE, each month the total number of hours worked on a project by those employees who elect coverage is divided by the number of working hours that month.

(6) Also included here are Other Health Benefits that include costs of our EAP, Life Insurance and Short-Term Disability for all employees. The amount per employee per month is \$35. The monthly amount of \$35 is multiplied by the Full Time Equivalent amount (FTE).

(7) Paid Time Off (PTO): Eckerd provides paid time off (PTO) for respite, relaxation, and to attend to the health needs of themselves and their families. PTO is used for normally scheduled workdays that are not worked due to vacation, non-operational days, and personal or family illness or accident. The number of PTO days granted to the employee is dependent upon their length of service. All new employees are provided 19 PTO days during the first year of employment. Eckerd also provides staff eleven (11) holidays annually.

Benefits total \$18,813 for the twelve-month period.

Total salaries and benefits are \$82,650 over this timeframe.

Licensing Fees Adobe License is budgeted at \$150 per FTE.

professional liability, sexual abuse coverage, fidelity bond coverage, Director's & Officer's (D&O) coverage, cybersecurity and property insurance. Eckerd purchases this coverage in aggregate for our agency as a whole. General Professional Liability Insurance is calculated at 1.25% of revenue per Eckerd's cost allocation plan. Total liability insurance is \$1,225.

Indirect Costs: are budgeted at 13.20% of the Modified Total Direct Cost. The Modified Total Direct Costs are calculated as total expenses less expenses for equipment and property rent expense, client tuition, subcontractors over \$25,000 and some participant support costs (such as incentives, transportation, allowances and clothing). Total Indirect is \$11,428.

Total Operational is \$15,350.
