

SNAP BACK

ASSISTANCE FOR WORKERS

2020 PROGRAM SUMMARY

PROGRAM OVERVIEW

Stanislaus County Workforce Development was awarded \$171,000 in WIOA Dislocated Worker Funds for Under-served COVID-19 impacted Individuals funding by the California EDD and the Labor & Workforce Development Agency. The program was branded Snap Back Assistance for Workers, and designed to help workers “snap back” from the affects of COVID-19 and return to the workforce. The launch of the program saw tremendous demand. Within five days of the May 21, 2020 launch over 1,300 inquiries were submitted through the online pre-application.

Waves of COVID-19 related business closures by the State effected demand for the program as some workers were called back by employers temporarily. Because of this, SCWD requested an extension on the funding from the State. The extension ensured that we could continue to support our local area during unpredictable times. The extension was granted through December 31, 2020. As of November 30, 2020, 100% of program funds had been expended.
