

The diagram illustrates the signaling pathway of SARS-CoV-2. The virus enters the cell, and its dsRNA genome is detected by dsRNA sensors (MDA5, MERS-ORF4a) and PAC1, leading to MAVS activation and TRAF3/IKK complex formation. dsRNA is also detected by TLR7/8 and TLR3 in the endosome, leading to TRIF/MyD88 activation. These pathways lead to the production of IFNβ and IFNα. IFNβ is secreted and binds to IFNAR, activating Jak1/Tyk2 and STAT1/2. IFNα binds to IFR9, activating IRF9 and ISG3. These pathways lead to the production of IFNβ and IFNα, which bind to their respective receptors (IFNAR and IFR9) and activate Jak1/Tyk2 and STAT1/2. The diagram also shows the role of OAS and RNaseL in the cytosol, and the role of SARS-CoV-2 proteins (SARS-N, SARS-M, SARS-ORF3b, SARS-ORF4b, SARS-ORF6, SARS-ORF3b) in inhibiting the pathway.

SZ Volunteers

Our Suzhou volunteers went to support mask packaging in a Suzhou mask factory because their workers could not come back to work. Quite an experience for us to learn how masks were made in this 2020 Chinese New Year.

We were given some masks which were donated to Suzhou Sunflower Autism Children Center, Suzhou Charity Federation, Suzhou Xin Zhou Kindergarten, and Shanghai Baby Home, etc.

Feb 14, 2020: SZ Community Service

On this Valentine's Day, RC Suzhou distributed "75% Ethanol" to Suzhou Le Ling Elderly Home, Suzhou Sunflower Autism Children Center, Suzhou Charity Federation, Suzhou Gusu Charity Foundation, Suzhou Small Animal Protection Association, Government & Community units, Suzhou #1 Hospital, etc.

Our volunteers also helped on sanitization of several NGOs' offices, Children centers, and Volunteers Center, etc.

Subject: Urgent Call for Medical Supplies to Fight Coronavirus in Wuhan, China

Dear members of CBC, Huaren Rotary Club of Silicon Valley, Bay Area Homeowners Network and Community Groups:

More than one week into a lockdown, anxiety deepened in Wuhan, China as the central province at the center of the coronavirus outbreak endured shortages of hospital beds, medical supplies and doctors. Hospitals in the region renewed pleas to the public for help to replenish their supplies such as gloves, goggles, medical disposable clothing, masks etc... which were fast disappearing. The shortages have become especially severe in Huanggang, a city near Wuhan, where some medical staff members were wearing raincoats and garbage bags as shoe covers to protect against infection.

Responding to an urgent request from the Shanghai Rotary Club, CBC and other community groups have come together to combine efforts and resources with a goal to raise \$10,000. The funds will be used to buy about 100,000 disposable medical grade gloves and 500 medical grade goggles. All items purchased will follow the strict donation guidelines set forth by the Hubei Charity Federation. Items will either be shipped to the HCF (*no custom tax) or requesting hospitals directly in order to secure and streamline delivery in the area.

For donations:

Checks Payable to: "CBC"

memo: Wuhan Supplies Fund

Mail checks to: CBC

P.O. Box 1, Fremont Ca 94537

Thank you very much for your generosity and determination to fight the Coronavirus which is affecting the world populations.

Wuhan Gia You!

Wuhan Be Strong!

Italy became a seriously CoViD-19 affected country. We delivered messages by emails on Prevention of CoViD-19 and Handbooks to Rotary Clubs in Districts 2042 & 2071 Italy.

A lot of enquires and requests for help were received from several Italian Rotary Clubs. What they were missing are all kinds of PPEs, especially in the local hospitals there.

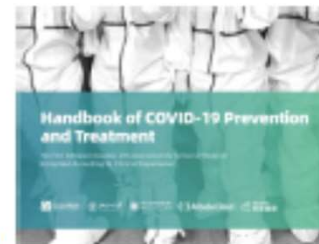

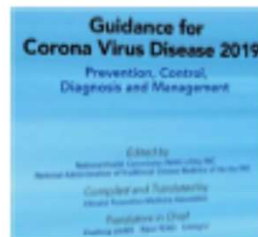

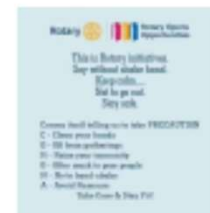

The followings are some of the Rotary Clubs and their hospitals:

- RC Firenze Granducato:
Santa Maria Nuova Hospital in Forenze,
- RC Cortona Valdichiana:
Santa Margherita in Fratta di Cortona,
- RC di Carrara e Massa:
Massa Hospital,
- RC Chianciano Chiusi Montepulciano:
Nottola Hospital in Siena.

"My friends, CoVID-19 is very serious in Italy now. What can we do to help? Any Rotary Clubs there close to us, that we may talk about what we can do?"

Starting from Mar 15, I sent emails to Rotary Clubs in Firenze and attached to them the followings:

and now

I have been expanding from Firenze to Rotary District 2071, and then 2041 (Milano) and 2042 (Lombardy).

As of now, the northern part of Italy has been taken care of by a lot of people, I am concentrating in the District 2071.

Several Presidents of Rotary Clubs in 2071 have been in touch with me. Then I am offering to looking for medical materials for them just like to attached emails between President Marco of RC Firenze Granducato and me. (attached Marco emails)

“grazie per la vostra vicinanza”

**This is from the President of Firenze
Giovanni Masotti, President 2019/2020**

"Well, nowadays we need everything. We are buying as Rotary Firenze a pulmonary breathing support for intensive care and we need all the consumables that you've mentioned. Feel free to send as much material as you can and we'll deliver it immediately to our hospitals. Thank you again for your support"

Here is President Marco:

Dear Harry,
thank you so much for your time. In fact, unfortunately, there is a desperate lack of masks and protective suits, gloves, for our families and hospital. Unfortunately, they seem to be sold out everywhere. Let's keep in touch, it would be valuable if you could give us a hand. We can set up a buying group with the other clubs in Florence. A dear Rotary hug Marco

Here I found that most of their requests are FFP2 and FFP3 masks which they may immediately deliver to local hospitals there.

In order to support them, I immediately offer to send to them 200 pieces masks per club for their members, a gesture to show our care to them from our RCSZ.

The rest requested materials are protective suits, gloves and goggles.

Some of the Rotary Clubs are willing to buy masks themselves and ask for quote with quantity 1,000-10,000 pieces.

Here I am presenting to you the situation, and requesting your support to planning how to help our Italian RCs there.

Best Regards,

Harry Wong
Service Projects Chair 2018-2

Dear President Marco,

Thank you very much for your reply.

Our Club's President Riccardo Campanile is Italian, so is IPP Alessandra, and Charter President Veronica Campidelli.

We may buy masks, gloves, goggles, protective suits, shoe covers for your community and hospitals.

We have been doing a lot in China Wuhan relief together with our District Governor
2016-2018 Frank Yih.

If there is anything we may participate, please let us know.

Best regards,

Harry

Mar 26, 2020: Italy Relief

It was not easy to buy masks in Suzhou too. Our first pack of KN95 masks were received by President Stefano of RC Chianciano Chiusi Montepulciano. Then they delivered the masks to Nottola Hospital in Montepulciano, Siena. Logistics was working well but very expensive.

Mar 27-Apr 4, 2020: Italy Relief

In response to Rotary District 2042's request, RC Suzhou bought and delivered 200 protective suits via Guangzhou airport to Milano for Bergamo Hospital in Italy's Lombardy area.

Mar 29-Apr 15, 2020: Italy Relief

RCSZ bought 2,800 KN95 masks in a Suzhou Pharm Shop and delivered via Pudong airport to Italy Rotary D2042 Bergamo Hospital. All steps were administratively supported by Shanghai Guo Feng Charity Foundation.

All kinds of logistics were utilized.

Mar 31-Apr 15, 2020: Italy Relief

RC Suzhou & Shanghai Guo Feng Charity Foundation together managed to ship another 3,000 medical masks to Italy Rotary District 2042.

Those masks were made by Bimedica in Spain. We gave quality products to our companion.

April 4-20, 2020: Italy Relief

RC Suzhou collaborated with Hong Kong E-Rotary Club to deliver 10,000 medical masks to Italy Rotary District 2042 Lombardy. With funds raised through our friends, RC Suzhou ended up contributing 8,000 masks. Due to logistics difficulties, these 10,000 masks arrived Milan on April 20, 2020.

We helped our other Rotary Clubs in China continue to deliver PPEs to Italy. "Siamo onde dello stesso mare, foglie dello stesso albero, fiori dello stesso giardino."

Ciao Harry
the material has arrived and has been delivered to the hospitals, due to restrictions we have not been able to bring them to the hospitals and make the photos, but the couriers have been delivered, the hospitals are sending thank you letters that we will forward to you for information as soon as we receive them.

thanks from all of the 2042 district.

Regards

Giuseppe Navarini

Italy Relief

RC Suzhou's 200 protective suits arrived Italy. They were distributed through the Rotary District, and Rotary Clubs in turn given to the local hospitals.

DG Giuseppe took the suits from Italy Customs without any problems. Hospital staff weared them with no quality issue.

Rotary Club of Suzhou is proud to be an Asian Club appearing on the list of D2042, Lombardy, Italy.

5800 mascherine sono arrivate in Italia con il contributo del Rotary Club cinese di Suzhou e saranno destinate alle ATS bergamasche;

Al via il progetto "COVID-19 Emergency"

PROGETTO COVID-19 EMERGENCY

In questo momento di grande difficoltà per il nostro Paese, il Rotary Distretto 2042 è in continua comunicazione con ospedali, Comuni e strutture di soccorso per raccogliere richieste di aiuto e di supporto.

L'obiettivo del progetto Covid-19 Emergency è di unire le forze a livello, non solo nazionale, ma anche internazionale per far fronte al virus che ha colpito in particolare la Lombardia e Bergamo. Il Distretto 2042 è quindi costantemente impegnato nel cercare forniture e donazioni di prodotti sanitari necessari per aiutare il personale medico a combattere in forze questa epidemia.

Cosa stiamo facendo oggi:

1000 tute protettive sono state consegnate alla Fondazione Pio Elieccorsio;

diversi fazzoletti di gel lavamani disinfettante sono stati consegnati alla Polizia Municipale di Bergamo per essere distribuiti ai volontari bergamaschi per la consegna di pasti a domicilio;

uno stock di 500 guanti, 300 mascherine FFP2 e 350 tute protettive sono stati consegnati all'Ospedale di Merate;

8.000 mascherine con filtro FFP2 sono state inviate all'ATS di Bergamo e altre 10.000 sono state distribuite ad altri distretti italiani bisognosi;

10.000 mascherine chirurgiche insieme a 1.620 mascherine con filtro (FFP2) sono state trasferite all'ATS di Bergamo per lo smaltimento;

2.880 fazzoletti di gel disinfettante sono stati consegnati alla Fondazione Don Gnocchi;

2300 paia di guanti e 50 tute sono stati recuperati per il 118 di Como;

1200 mascherine sono state ritirate dal Consorzio Comuni della Bassa Bergamasca;

numerosi mascherine sono state consegnate ad Antelero Cooperativa Sociale;

1000 mascherine FFP2, donate da Itema Group, sono state consegnate al Comune di Bergamo e destinate agli operatori per l'emergenza sanitaria;

1700 mascherine FFP2 sono state donate, grazie al contributo di Comac e dei suoi collaboratori, all'ATS di Bergamo per i medici di medicina generale di tutta la provincia bergamasca;

5800 mascherine sono arrivate in Italia con il contributo del Rotary Club cinese di Suzhou e saranno destinate alle ATS bergamasche;

100 litri di liquido disinfettante sono stati consegnati all'Ospedale "M.O.A. Locatelli" di Piarlo (BG), grazie al contributo di Italgas, e altri 150 litri sono stati recapitati, grazie alla donazione di Chimiver, alla Fondazione Casa di Riposo Villa della Pace di Sesto San Giovanni (BG);

le prime 10.000 mascherine chirurgiche di produzione italiana, acquistate grazie ad una cospicua sponsorizzazione di Itema Group, sono state consegnate al Sindaco Giorgio Gori da una staffetta dell'Associazione Nazionale Carabinieri di Bergamo organizzata e guidata da Michele Taddei, carabiniere in congedo e socio del Rotary Club Bergamo Città Alta;

1.000.000 di mascherine chirurgiche sono state acquistate anche per conto e con il supporto finanziario degli altri Distretti italiani. 550.000 saranno consegnate ai vari Distretti che le assegneranno alle strutture sanitarie dei rispettivi territori. 450.000 saranno destinate alla Lombardia, per la precisione a: ATS Bergamo, Comune di Bergamo, Fondazione Carisma Bergamo, Policlinico di Ponte San Pietro (BG), ASST Bergamo Est, ANPAS Croce Bianca Bergamo, AAT 118 Como, Fondazione Clotilde Rango Orsini (CO), RSA Villa Citterio Como, ASST Valtellina e Alto Lario, Ospedale di Vercenate, Ospedale San Gerardo di Monza, Fondazione Don Gnocchi, ASST Ovest Milanese, ASST Rhodense (MI), ATS Insubria, Croce Rossa di Tradate (VA);

106.000 mascherine FFP2 saranno distribuite a: ATS Bergamo, Consorzio Comuni della Pianura Bergamasca, Policlinico di Ponte San Pietro (BG), ASST Bergamo Est, ANPAS Croce Bianca Bergamo, Fondazione Casa di Riposo Villa della Pace di Sesto San Giovanni (BG), Comune di Capriate San Gervasio (BG), AAT 118 Como, RSA Villa Citterio Como, Casa di Gabbro (CO), RSD di Cassina Rizzardi (CO), Fondazione Clotilde Rango Orsini (CO), AAT 118 Lecco, ASST Valtellina e Alto Lario, ATS della Montagna, Fondazione Don Gnocchi, ASST Ovest Milanese, ATS Insubria, Ospedale San Gerardo di Monza, RSA Villa Teruzzi Concorezzo (MB), Ospedale di Vercenate (MB);

tre ozonizzatori sono stati acquistati per la Fondazione Elisoccorso che li ha donati all'AAT Lariana per la sanificazione delle ambulanze e dell'elicottero;

24 monitor da terapia intensiva di produzione USA sono stati donati all'Ospedale di Bergamo con un finanziamento congiunto Communis Onlus, Confindustria Bergamo e Indeva SpA;

1.000 camici usa e getta sono stati consegnati all'Ospedale da campo degli alpini a Bergamo, all'ASST Bergamo Ovest e alla Fondazione Boschi;

10.000 mascherine chirurgiche, acquistate grazie alla generosa sponsorizzazione di Itema Group, sono state recapitate al Comune di Bergamo;

sui richiesta dell'ATS di Bergamo, è partito il servizio di ritiro a domicilio di saturimetri e concentratori di ossigeno presso le case di oltre 500 pazienti guariti. Un furgone appositamente allestito con personale specializzato può raggiungere ogni angolo della provincia di Bergamo per prendere in consegna gli apparecchi, procedere alla loro sanificazione, chiuderli in involucri sterili e occuparsi poi della riconsegna presso la sede dell'ATS;

è nato il progetto Frontline, Notizie dal Fronte in collaborazione con l'Ospedale Papa Giovanni XXIII: 12 video divulgativi, realizzati direttamente all'interno dei reparti, che vedono protagonisti i medici coinvolti nell'emergenza Covid. L'obiettivo è diffonderli il più possibile non solo a livello nazionale, ma internazionale. Attraverso questi brevi filmati, i diversi operatori dell'Ospedale di Bergamo mettono in evidenza alcuni aspetti della loro attività professionale durante l'emergenza delle ultime settimane, a beneficio di altri operatori di strutture ospedaliere che si trovino ad affrontare lo stesso tipo di criticità;

10.000 sono state consegnate al Comune di Como;

mascherine chirurgiche sono state distribuite ai piccoli Comuni della Provincia bergamasca e al Comune di Varese;

l'Ospedale San Gerardo di Monza, dopo la donazione di 10.000 mascherine FFP2 e 10.000 mascherine chirurgiche, ha ricevuto 80 tute protettive per il reparto di Terapia Intensiva Generale;

1250 mascherine sono state donate al carcere di Busto Arsizio;

1000 confezioni di vitamina C e 1500 pillole di vitamina D3 sono in consegna RSA e centri per disabili delle province del Distretto;

il Distretto Rotary 2042, avvalendosi della competenza e della collaborazione dell'Asst Bergamo Est, con Porsche Consulting e Multiply Labs, in accordo con la Ats di Bergamo, sta promuovendo un progetto pilota per la sperimentazione di tecnologie innovative e di modalità organizzative capaci di rivoluzionare i processi operativi delle strutture di laboratorio per la processazione di tamponi. Attraverso tali tecnologie, i laboratori saranno in grado di processare oltre 2000 tamponi al giorno, un servizio senza precedenti, a disposizione per il momento della provincia di Bergamo a cui il Distretto ha donato due macchinari;

grazie all'attivazione di un Global Grant nazionale che ha coinvolto anche Rotary Club Americani e Giapponesi, l'ATS Bergamo est, l'Ospedale San Gerardo di Monza e l'ATS Varese sono tra le 28 strutture italiane che potranno ricevere dei kit di tecnologia innovativa in grado di minimizzare il rischio di infezione degli operatori e favorire l'interruzione della catena di infezione;

il Call center Rotary Assistenza Covid-19, al numero 02 8496 8496, è stato attivato per tutti i cittadini che non si trovano in situazioni strettamente emergenziali, ma che presentano sintomi "lievi e moderati" e necessitano di approfondimenti riguardo al proprio stato di salute. Il servizio sta funzionando a pieno ritmo anche grazie ai 90 giovani Rotaractisti a disposizione per fornire informazioni utili e di carattere pratico a chi si trova in isolamento domiciliare e necessita di aiuto per fare la spesa o per ricevere farmaci a domicilio. Il Distretto Rotary Metropolitano di Milano 2041 ha aderito all'iniziativa e alle 100 linee, già attivate dal nostro Distretto, si sono aggiunte altre 20 linee oltre al nuovo servizio di messaggistica creato appositamente su richiesta di Emergenza Sorci APS per permettere la fruizione del servizio anche alle persone sorde;

una Commissione Farmaceutica costituita da tre farmacisti e un chimico farmaceutico, è stata istituita con il compito di vagliare le singole richieste provenienti dalle diverse strutture per il recupero di farmaci utili alla cura del Coronavirus. La Commissione Farmaceutica ha concretizzato un primo acquisto di 500 dosi di farmaco antimalarico PLAUQUENIL, che sono state consegnate all'Ospedale di Alzano Lombardo (BG);

un "ufficio export" è stato stabilito a Shanghai per mantenere un contatto diretto con i fornitori ed assisterli nelle procedure di export;

10 Rotary Club di Shanghai daranno il loro supporto garantendo il credito del Distretto 2042 presso le banche locali, così da favorire gli acquisti di materiale sanitario direttamente in Cina;

grazie al Crowdfunding del Distretto, una donazione di 5.000 Euro è arrivata dal Rotary Club Stuttgart Solitude insieme ad altre 11.000 Euro provenienti dalla Rotary Stiftung Stuttgart. Queste donazioni saranno utilizzate per il recupero di materiale sanitario da destinare al Policlinico di Ponte San Pietro (BG). Altre donazioni arrivano da un gruppo di Rotary Club italiani e sfiorano i 12.000 Euro. Anche se saranno destinate alla fornitura di materiale sanitario per ATS, strutture ospedaliere e di soccorso lombardo;

grazie alle comunicazioni intercorse tra il Distretto e il socio del Rotary Club Ludwigsburg, nonché Presidente del Landrat di Ludwigsburg, Dietmar Allgaier, si è riusciti ad ottenere l'assenso del Ministro Presidente del Baden-Württemberg Kretschmann ad ospitare pazienti, che non possono trovare posto negli ospedali di Bergamo, presso il reparto di terapia intensiva Covid-19 dell'Ospedale Klinikum di Ludwigsburg. Grazie a questa collaborazione sono già stati trasferiti 44 pazienti da Bergamo ai reparti di terapia intensiva degli ospedali di Bochum, Bonn e Colonia. Il canale rimane aperto in caso di necessità da parte della Protezione Civile.

Il Rotary Distretto 2042 non si ferma qui e persegue nell'obiettivo di raccogliere il maggior numero possibile di prodotti sanitari, indispensabili per far fronte all'emergenza Coronavirus.

July 6-8, 2020 DPRK CoViD-19 Relief

Although efforts and fights are being made strongly against new coronavirus infections, they are suffering from severe shortages of medical supplies and life-saving devices like medical instruments and test kits, reagents for the differential diagnosis of new coronavirus and influenza, including providing medical workers and vulnerabilities with medical protective suits, therapeutic masks, etc. No one can foresee when the new coronavirus will spread in the DPR Korea, leading to cause unexpected life-damage.

Given this urgent situation, the KOMIT is kindly suggesting you, HuaQiao and GuoFeng Charity Foundation and RC's Shanghai and Suzhou, to help efforts and fights for prevention of possible outbreak with the provision of medical protective gears and supplies, testing kits under an emergency humanitarian aid.

I am in touch with KOMIT so that our people can find your emergency assistance in a relatively short span of time, in order to be ready to communicate and react with your Foundation and KOMIT at any time or on time for ensuring suitable discussion and timely implementation of emergency assistance.

The KOMIT avails itself of this opportunity to renew HuaQiao and GuoFeng Charity Foundation and RC's Shanghai and Suzhou the assurances of its highest consideration.

Sincerely Yours,

Sang Han Joon, PhD
KOMIT Representative in Thailand

For Immediate Release

STATEMENT BY MORGAN ORTAGUS, SPOKESPERSON

February 13, 2020

Vulnerability of North Korean People to Coronavirus Outbreak

The United States is deeply concerned about the vulnerability of the North Korean people to a coronavirus outbreak. We strongly support and encourage the work of U.S. and international aid and health organizations to counter and contain the spread of coronavirus in the DPRK. The United States is ready and prepared to expeditiously facilitate the approval of assistance from these organizations.

in Yangon Myanmar

Sep-Dec 2020

Myanmar Relief

We started looking into Myanmar in early Sep., and informed our members about the outbreak of CoViD-19 there when Yangon was locked down.

We contacted the 3 Clubs in Yangon and knew RC Greater Yangon is planning several programs.

RC Suzhou participated in the Lunch Box Donation program together with Hua Qiao Foundation

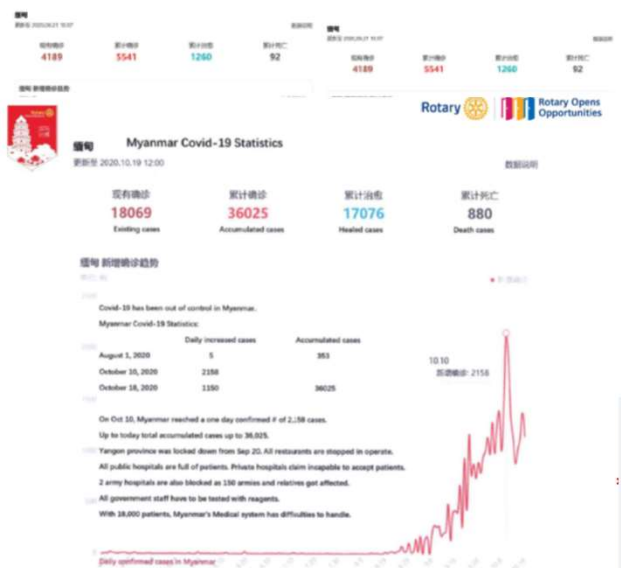

紧急应对疫情蔓延 缅甸仰光下达封省令

国际在线

发布材料: 09-2110:32 中央广播电视总台国际在线官方微博

当地时间9月20日晚8时,缅甸仰光省政府下达封省令通告,以应对迅速蔓延的新冠肺炎疫情。该通告称,自9月21日早上8时起,仰光除可岛外所有镇区均须遵守居家隔离政策,违者将依法追究。除了私营银行、加油站、日用食品店、药店、药品公司、日用生活品工厂以外,所有公司全部关闭,所有原材料加工工厂,从9月24日到10月7日内禁止开工。通告还要求,所有人出门必须佩戴口罩,除接送员工的班车和其他特殊车辆外,其他车辆均不可跨镇区出行。

仰光是缅甸新冠疫情最为严重的地区,到9月20日上午,累计确诊3493例,超过全国确诊病例一半。9月20日,缅甸新增确诊病例671例,是出现疫情以后单日新增确诊病例最多的一天。目前,缅甸累计确诊病例5541例,死亡92例,为应对大量新增确诊病例,缅甸正准备批准私立医院收治新冠确诊病例,并正在将一批办公楼、居民楼和中小学校改造为隔离中心。(总台记者 王悦舟)

(1) Rotary Opens Door to Public Welfare - Spreading Love Across Myanmar

- To support Myanmar community under COVID-19 pandemic:
- Cheering for hospital doctors, nurses and frontline staff.
- To safeguard the health of the elderly in nursing homes.
