INTEGRATIVE PSYCHOANALYTIC COUPLE THERAPY

**Classes meet Thursdays from 9:00 a.m. – 12:00 p.m. CDT
from September 2023 through May 2024**

After two very successful initial years, which included students from around the globe, applications are now being accepted for the third cohort of the one-year Certificate Program in Integrative Psychoanalytic Couple Therapy, co-sponsored by ICSW and the Chicago Psychoanalytic Institute.

This specialized training is designed to help couple therapists apply core concepts of psychoanalytic theory to their work with couples, while also integrating aspects of other models when indicated. Three of Chicago's preeminent couple therapists are the core faculty for the program: Carla Leone, PhD, Arthur Nielsen, MD, and Karen Bloomberg, PhD. They will be joined by well known guest lecturers and expert couple therapists who will provide individual case consultation for students.

Application deadline is June 15, 2023
