

Dear SWTA Members,

WOW!! What a crazy day it has been. As schools close due to COVID-19, I want you to know that our priority is the health and well-being of students, their families and our members.

This morning, myself and the rest of the South County Teachers United Presidents worked on a release on our stance on the school closures. [Please see the document here!](#)

[Here](#) you will find CTA's latest media release related to COVID-19.

I will be updating our [SWTA Facebook](#) page and sending emails as I receive information from CTA and the SBUSD.

Please feel free to contact me should you have any questions, comments, and or concerns. Stay safe and take care of yourself and your loved one!

United We Stand,
Vanessa Barrera
SWTA President
