Benediction - *"The Way (New Horizon)"*

A Word from our Pastor, Dr. Bill Skaar

One year ago, we had one of, if not the most unusual Easter Sundays that any of us have ever experienced as the pandemic kept us from holding in-person worship on the day that typically has more people in attendance than any Sunday of the year. Yet, one of the great affirmations from that day and others over this past year is that worship is not about a place. It is about the person of Jesus Christ. While I am thankful to the Lord that we are able to come to our campus for worship today, I am also thankful that worship is taking place in hundreds of homes and other places through the technology of our simulcast. Wherever you are as you read these words, the glorious message of Easter rings out about the person of Jesus, "He is risen!" Those words change everything.

God is good. You are loved. Welcome to worship!
