Tax Hikes We Are Fighting With This Ballot Measure:

California already has the highest income tax, the highest sales tax, the highest gas tax, and some of the highest property taxes in the country. California politicians have a spending addiction – and no tax increase will ever be big enough to satisfy their habit! Here are just some of the tax hikes they are trying to impose:

- A **Wealth Tax** – California would be the first state to impose a draconian tax on your assets, not just your income!
- A **Mileage Tax** – Gas and car taxes are automatically increased every year and now politicians want a tax charge for each mile you drive!
- A **Tax on Moving Out of State** – California would also be the first state to impose a tax on people who flee the state.
- **Property Tax / Repeal of Prop 13** – Partial or total repeal of Prop 13 from

1978 which protects homeowners against massive property tax hikes.

- **Income Tax** – New and higher tax brackets for all income levels – it’s not just the so-called “rich” that will get hurt.
- **Sales Tax** – Every election nearly 200 measures are placed on the ballot to increase state and local sales tax rates.
- **Utility Rate Hikes** – We have uncovered over \$4.5 billion in hidden state taxes and fees that are spiking your rates, and passing this initiative will help us repeal those charges that are making your electricity and gas more expensive than it should be.

Indeed.
