Santa Ynez Valley Common Sense NEWS LETTER #5 April 2023

GOOD NEWS TIDBITS!

#1

AB 659 (HPV vaccine mandate) has been amended!

It removed the mandate for 8th graders, but now will unfortunately add Human Papillomavirus (HPV) to the described list of diseases for which immunization documentation is required for all students, ages 18-26, enrolled in Community College, UC and Cal State Universities. Only a medical exemption will be available to opt out.

Thanks to everyone that emailed and called the high school to express your concerns about the rainbow crosswalks at SYHS.

Wrong ideas come packaged with so much glitter.

SYV School Board Meetings

The next SYVU High School Board Meeting is April 18th at 5:30pm.

Once again we need your support.

The majority of our school board members are working very hard to bring the focus of the administration and school back to education and instruction but a vocal minority is continuing to waste staff time on their woke, social agendas.

We need people to **SHOW** up to the Board meeting in support of bringing some common sense back to our classrooms and campus!

Enough is enough!

WHAT'S NEXT?

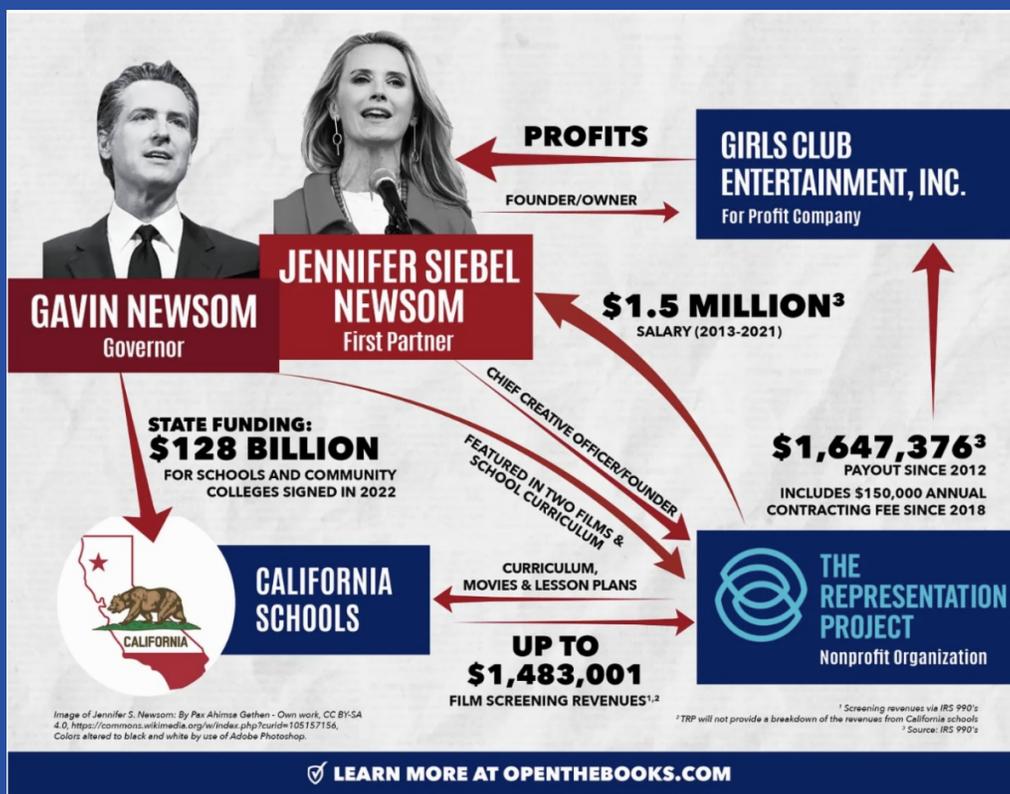

Assembly Bill 1078

California Democrats in the state Legislature have introduced AB 1078 that would eliminate the ability of local education officials to make decisions on curriculum based on the needs and desires of parents and students in their community.

The FLOWCHART below is important to understand because it shows how Jennifer Siebel Newsom used taxpayer dollars to trade with herself, her nonprofit organization, and her for-profit business. It is through this mechanism that funding for Diversity, Equity, Inclusion programs have been seeded.

MANIPULATION of funds and ABUSE OF POWER is rampant and we can no longer sit back and watch it happen.

Solvang and Buellton City Council Meetings

The next Solvang City Council Meeting is April 24th at 6:30pm.

Once again we need your voice to be heard.

Please attend the meeting or email the Solvang City Council Members and let them know you do not approve of the 2nd application from the Rainbow House for the installation of street banners for Pride Month.

Since the last meeting this was voted on some dissenting Council Members have received some horrific emails attacking them personally. The are truly vulgar, hateful and completely inappropriate.

Let us not stoop to their level.

Please email or call the Council Members below and remind them that Pride is a political movement and therefore the application fails to meet the current City approved guidelines on banners.

TURTLES ALL THE WAY DOWN

Vaccine Science and Myth

FOREWORD BY MARY HOLLAND, I.D.
EDITED BY ZOIE O'TOOLE AND MARY HOLLAND

[Vaccine Safety Science? There's Nothing There](#)

Turtles All The Way Down: Vaccine Science and Myth (2022) reveals that the entire childhood schedule is based on scientific fraud. The authors demonstrate—citing over 1,200 sources, including clinical trials, regulatory-agency documents, peer-reviewed studies, and vaccine package inserts—that the “science” of vaccine safety is not science at all but a betrayal of the scientific method. They reveal how we have been deceived—most importantly, how parents have been deceived.

DID YOU KNOW: Blue Cross Blue Shield pays pediatricians a \$40,000 bonus for fully vaccinating 100 patients under the age of 2.

BUT pediatricians lose the whole bonus unless at least 63% of patients are fully vaccinated, and that includes the flu vaccine.

It is with much sadness that we share that Deb

"I will miss her and her good news tidbits!. She truly
understood the adage that evil would prevail if good
