

We are an all volunteer group of patriotic men and women in the Santa Ynez Valley who have banded together to address local issues of concern. We seek to develop and support strong conservative candidates who will restore virtue, ethics, and common sense to public service.

We are dedicated to the Constitution of the United States.

God Bless America

"The greatest perpetrator of misinformation during the pandemic has been the US government." — Surgeon, professor and medical commentator, Dr. Marty Makary.

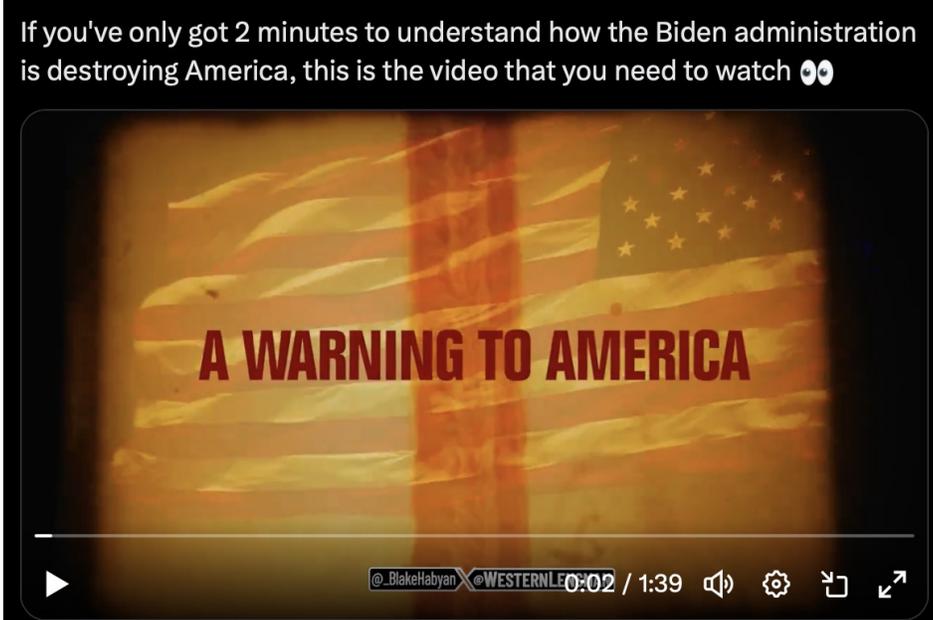

"Misinformation that Covid was spread through surface transmission, that vaccinated immunity was far greater than natural immunity, that masks were effective... That myocarditis was more common after the infection than the vaccine."

"We've seen something which is unforgivable, and that is the weaponisation of medical research itself... Public health officials were intellectually dishonest. They lied to the American people."
