## JUST BECAUSE ...

If a guide dog judges that a command is unsafe, it will refuse the command. This is called "intelligent disobedience".

Now if we could just get the dogs to teach humans this skill...

I'm an anti-fascist

that supports Big  
Pharma corporations  
teaming up with the  
federal government

to finance and  
distribute a product

that is made  
mandatory by law

The Left  
boycotted a song  
and made it a #1 hit

The Right  
boycotted a beer and  
inflicted a \$30B  
hit to the company

If you put 100 black ants and  
100 red ants in a jar, nothing  
will happen.  
But if you shake the jar hard,  
the ants will start killing each  
other.  
The red ants will consider the  
black ants their enemies, and  
the black ants will consider the  
red ants their enemies.  
The real enemy is the one who  
shakes the jar.  
The same thing happens in  
human society.  
So before we attack each other,  
we should think about who is  
shaking the jar!

"A people  
that elect corrupt  
politicians, imposters,  
thieves and traitors  
are not victims...  
but accomplices."
