Pfizer Makes \$43 Billion Bet That 'Turbo Cancers' Are Going To Explode Around The World

Pfizer has stunned the medical world, completing the \$43 billion acquisition of Seagen, a small drug company that treats turbo cancers and barely makes \$2 billion per year.

Who paid the largest criminal fine in history?

@PLANTCONSCIOUSENERGY

Pfizer

The pharmaceutical giant Pfizer agreed to pay \$2.3 billion to settle civil and criminal allegations that it had illegally marketed its painkiller Bextra, which has been withdrawn. It was the largest health care fraud settlement and the largest criminal fine of any kind ever.

!! How Al Gore has made \$330m with climate alarmism:

Former VP made a fortune after losing to George W when he set up a green investment firm now worth \$36BN that pays him \$2m a month... as he warns about 'rain bombs' and 'boiling oceans'

The climate scam is just another money making scheme... 🤔🤔

🚫 MAMMOGRAPHY IS THE BIGGEST ORGANIZED CRIME AGAINST WOMEN!!

Women who go for mammograms are probably unaware of the harm they do to themselves 😞

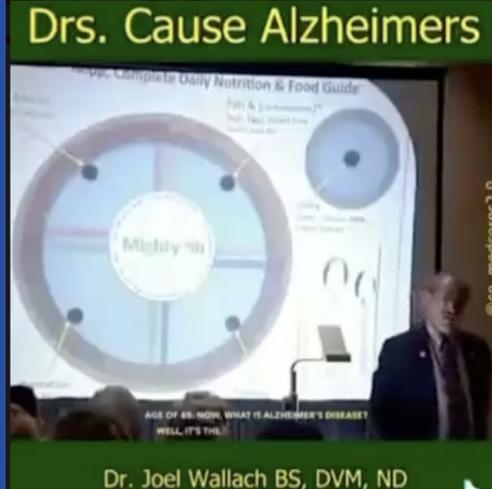

A few details to consider before deciding on a review:

- ✅ 50-60% of the "positive" results are incorrect!!
So, being diagnosed with "breast cancer" in 50-60% of cases, turns out it didn't exist at all!!
- ✅ during examination, the breast is pressed with a large weight of 10kPa (1019 kg / m²) and then healthy, very sensitive, milk gland tissue is bombarded by radioactive rays!!
- ✅ stimulates tumor growth and the spread of metastases!!
- ✅ study done on 690,000 records showed that completely healthy women have developed breast cancer in a large number of cases after mammographic examinations!!
- ✅ Switzerland is the first country in the world to ban mammographic examinations !

So the criminal medical mafia is aggressively forcing regular annual mammography examinations of healthy women, in order to make them profitable patients!!

Even my late mother, who had been dealing with this for her entire career, realized near the end of her life that she was unknowingly an accomplice in this greatest medical crime against women !

RESEARCH YOURSELF AND THINK WELL ABOUT WHAT YOU DO TO YOURSELF 🙏

An estimated 40 million tonnes of wind power blade waste could end up in landfills by 2050. Gargantuan levels of pollution under the auspices of chasing net zero. This is the diametric opposite of sustainable.

"We will never surrender America's sovereignty to an unelected, unaccountable global bureaucracy," Trump said in his second address to the General Assembly in New York.

"America is governed by Americans," Trump said.

"We reject the ideology of globalism and we embrace the doctrine of patriotism."

"Around the world, responsible nations must defend against threats to sovereignty not just from global governance, but also from other, new forms of coercion and domination." ([Source](#))
