The French Connection:

Edgard Sforzina and the Birth of American Art Deco

Art Deco Society of Washington

and the

Rust Library. Leesburg, Virginia

September 13, 2025

Author Jim Linz will discuss the role French architect and designer Edgard Sforzina played in popularizing Art Deco in the United States following the 1925 Paris Exposition of the Decorative Arts. This program is a collaboration between Loudoun County Public Library and the Art Deco Society of Washington.

Sforzina immigrated to the United States in 1923, 2 years before the Paris Exposition. Following the Exposition, Sforzina designed the furniture in the 1928 Exhibition of Modern American Decorative Arts in New York. He also designed several Art Moderne interiors, including millinery shops in Boston and Baltimore and an apartment for George Gershwin.

These early accomplishments led to his role in the design of the interiors of Cincinnati Union Terminal, including the executive offices.

A New Deal for American Theatre:

The WPA's Federal Theatre Project

September 18, 2025

When the WPA was established in May of 1935, its initial focus was manual labor projects like the construction of roads, bridges, airports, and schools. But in August of 1935 the WPA expanded to include work relief for Americans engaged in the arts with the formation of Federal Project Number One. The most creative and innovative of the Federal One components, but also the most controversial, was the Federal Theatre Project (FTP), which provided work for actors, directors, playwrights, designers, stage technicians and other workers in the theatre field. The project also brought stage performances to Americans who had never experienced live theatre. This lecture will examine the wide range of productions presented by the FTP and the charges that led to its early dissolution.

About the Presenter:

Kathleen Murphy Skolnik teaches art and architectural history at Roosevelt University in Chicago and classes on architecture and design of the late 19th and early

20th century at the Newberry Library, also in Chicago. She is the co-author of *The Art Deco Murals of Hildreth Meière* and a contributor to *Art Deco Chicago: Designing Modern America*. From 2008 to 2016 she was the editor of the Chicago Art Deco Society Magazine and currently serves on the Board of the International Hildreth Meière Association and the Advisory Board of the Art Deco Society of New York.

The Individual and the Spirit of Innovation

Frank Lloyd Wright Conservancy Convention

Pittsburgh, Pennsylvania

September 17-21, 2025

Dates: September 17 - 21, 2025

Location: Pittsburgh, Pennsylvania

Hotel:Omni William Penn Hotel

This year's conference, The Individual and the Spirit of Innovation, will examine how personal vision and entrepreneurial ingenuity intersect with community-building and the evolution of the built environment. Frank Lloyd Wright believed that visionary business leaders could elevate the dignity of everyday life. Using Pittsburgh and the Western Pennsylvania region as a case study, this year's conference will delve into the historic convergence between business and architecture that has shaped the American built landscape. Frank Lloyd Wright's life and career is entwined with those of many other creative individuals – including clients Edgar and Liliane Kaufmann and apprentices Peter Berndtson and Cornelia Brierly – whose lives and interactions changed the trajectory of American architecture.

Join preservationists, stewards of Wright-designed buildings, architects, scholars, restoration specialists, and enthusiasts from around the world for five days of educational talks, tours, and evening celebrations. We'll enjoy a very special day in the Laurel Highlands of Southwestern Pennsylvania featuring extraordinary access to Fallingwater and Kentuck Knob. We'll also tour notable works by Wright apprentices and other sites of architectural and industrial significance in and around Pittsburgh. Evening events will build community, raise support for our mission, and celebrate the recipients of the 2025 Wright Spirit Awards.

Jim Linz will have a book signing during the opening reception September 17th.
