Deco Filipino

Wednesday July 14th, 7:00 PM EDT

Join ADSW for another fabulous international Art Deco armchair tour! Philippines Heritage Conservation Society trustee and Art Deco Philippines founder Ivan Man Dy will share highlights from his extensive research and co-authored book, *Deco Filipino*.

Art Deco made its way all around the globe from France, and while the Philippines may not be the first place you think of when you think Deco, the style was very popular from 1925 to 1950.

As seems to have been the case everywhere, Filipino architects and artisans were able to merge the design elements of Art Deco with the local aesthetic and culture, making the Art Deco style their own, yet retaining its distinctive beauty. Ivan will take us on a tour of many of his beloved Deco buildings, through multiple cities and islands. We look forward to “seeing you there”!

Registration coming soon.
