this pattern with
our Volunteers!

1. Add the “**Frame**” strips to the “Focal rectangle”
 - Sew the 2” framing strips to ALL sides of the Focus fabric (Top and Bottom first, then left and right sides)
2. Then sew two (2) sets of four (4) squares together, vertically
 - Sew one (1) set of the vertical squares to each side (left and right) of the “framed” focus fabric
3. **Row One:**
 - Sew thirteen (13) squares together, end to end
 - Add this row to the **TOP** of the “framed Focus rectangle” created above.
4. **Row Six through Row Fifteen:**
 - Sew thirteen (13) squares together, end to end, until you have ten (10) rows
5. As you assemble your rows, alternate pressing each row. One row from left to right and the next row from right to left. This will allow the seams to “nestle” into each other.
6. **Note:** When putting your rows together, and not adding a border, please backstitch the ends of the row. When you are sewing the pieces together, there is always an intersection of the seams. Backstitching keeps them from pulling apart.
7. For the binding, cut 2 1/2” strips, sew strips together, fold the strip in half and press.

All patterns for Snuggled In Hope are just ideas. You can make them your own designs. We ask that you make the finished top at least 55" x 65" and no bigger than 65" x 75". You can add borders to reach the needed size. Remember all the borders don't have to be the same size or even on all four sides. Quilt tops will lose about 3% of their size once they are quilted and washed. Each quilt going to camp is washed before delivered. There are absolutely no quilt police! Please be creative These quilts are for kids who will love them no matter what.

NOTE: If you picked up one of the already prepared kits, please know we did our best to see that everything was correct. However, we may have missed something. You may sub something you have on hand or simply return the kit for a new one.
