[Snuggled In Hope Quilts](https://www.facebook.com/SnuggledInHopeQuilts)

I LOVE COLOR! Maybe that is why I am attracted to quilting. I started sewing (like many of us did) in 4-H. I still have the needle book that I made in my first 4-H sewing project.

When I finally started to quilt, I thought that the seam allowance was 5/8 inch just like garment sewing.

WRONG! I have come a long way since my early quilts. I enjoy using batiks and easy, quick patterns as I have so many quilts in my head that I want to make.

I like modern and antique quilts. Won't tell you how many quilts I have in my house, so my husband won't faint or worse.

I have been inspired by so many quilters on this quilting journey. You, **our Volunteers**, with your enthusiasm and the gorgeous quilts that you bring to Snuggled always inspire me.

My great Aunt Myrtle of Campbellsville, Kentucky, made a quilt for every member of her family no matter how far you extended down the family tree. I am following her tradition and to date only have 2 more relatives to make a quilt for. (The patterns are in my head.)

I have been with Snuggled since it started and even before when the Morrow County Quilting Guild made quilts for camp. In the earlier days you did not see me at tie/sew days as I was still being a school principal. My working career has always involved children. I started teaching swimming lessons at age 13, owned a preschool, and worked either teaching (grades PreK to College) or being an administrator for more years than dirt.

My claim to fame at the Flying Horse Farms is that I was the first lifeguard. I opened the pool!

Now I wrap children in need, with new homemade quilts, pillowcases and other comfort items, covering them in love, warmth and hope.
