PRESIDENT – KYLE

I believe all your life events are placed for you at the correct time. You learn and grow with everything you do.

I was a “kept” woman, as Dale likes to say! I raised my girls and did odd jobs along the way. Sewing machines, fabric and creating were always in my blood.

I interviewed at a quilt shop only because I knew about Bernina sewing machines. The joke was “I came packed in a box with a Bernina.” Now I was NOT going to quilt, just sell machines. Boy, was I WRONG! Once I started, I never stopped making quilts and LOVE the process. As all things come to an end, so did the quilt shop.

Snuggled has fit right into my life! I had been training for this for years. I get to see everything I love: fabric – quilts – books – patterns – rulers – and other crazy people who have the same mind set as me! My most favorite part of Snuggled is playing with fabric to create kits for volunteers to sew.

My sewing machines, YES – I have several – can’t tell you how many in fear Dale will read this interview! They are way better than sheep (his love!) and my all-time favorite item. I can’t image life without one!

Snuggled has allowed me to cross off one item on my bullet list – a longarm quilting machine. Millie is a dream come true. I am in love – well.... As much as you can love an object!

I have been blessed over and over again by the love of Snuggled. I can’t image life without quilts, sewing or each and every one I have meet along this GREAT JOURNEY!
