

Glamping Event Shopping List

ELEVATED PLANTER BOX

We know that sometimes, the most intimidating part of DIYing is the shopping. It can be overwhelming to walk into a Dunn Lumber when you don't know much and feel like you're surrounded by experts. That's why we've created this shopping list to help you navigate our store and give you the confidence to get started on your project. We've divided this list into materials you'll need to pick up and tools you may or may not already have at home—so before shopping, go through the list and cross out anything you already own or can borrow from a friend or neighbor.

At the store, you can proceed in a number of different ways: Walk through the aisles and pick out the supplies yourself, call in your order for curbside pickup, or ask for assistance from someone at the sales counter (you can join a virtual queue before you arrive at the store for quicker service by [following these directions](#); or, you can always join the queue after you've arrived by taking a virtual ticket).

MATERIALS YOU NEED TO BUY:

- 1 x 4 - 6' Cedar (6)
- 2 x 2 - 6' Cedar (2)
- 1 ½" Exterior Wood Screws (1 box)
- 2 ½" Exterior Wood Screws (8)

TOOLS YOU MIGHT NEED TO PURCHASE:

- Clamps
- 1" Drill Bit
- 1/8 " Drill Bit
- Driver Bit for Screws
- Handsaw, Jigsaw, or Circular Saw

TOOLS YOU PROBABLY HAVE AT HOME:

- Power Drill
- Tape Measure
- Speed Square
- Pencil
- Sanding Block
- Stain or Paint (optional)
- Window Screen Mesh (optional)
- Stapler (if using mesh)
