

HELPFUL APPS

SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

BLOODBORNE PATHOGEN TRAINING

The Elite Bloodborne Pathogens Training is intended to educate students on bloodborne pathogens and diseases, avoid exposure, and what to do if exposed to infectious material.

THE CDC APP

The app ensures that you're getting the most up-to-date health information. The home screen lets you see all your information in one place and updates whenever your device is connected to Wi-Fi. Enjoy a greater variety of content such as Disease of the Week, disease case counts, videos, podcasts, and features to give you the most current health information from CDC.
