HELPFUL APPS

SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

TOOLBOX MEETINGS

Whe Toolbox Meetings App is designed to automate the planning and documentation of your organisation's Toolbox (Safety/Tailgate) Meetings. It provides the foreman with safety related topics to choose from and delivers reports to management and attendees proving meetings have been run and people have attended. It delivers 100% proof that meetings took place, who was there, where it was held, and – via the audio recording – what was said.

OSHA SAFETY REGULATIONS

OSHA, the Occupational Safety and Health Administration, is the federal agency responsible for ensuring the safety and health of workers in various industries. The agency enforces a set of regulations that cover different sectors, including general industry, construction, agriculture, and maritime.

With OSHA Safety Regulations app, you can stay up-to-date with the latest compliance requirements and guidelines.
