

HELPFUL APPS

SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

NSC FIRST AID APP

CPR and AED reference guide. While designed to support those who have completed NSC's First Aid, CPR & AED training course, this ready reference can be a lifesaving tool for anyone.

WAZE

Waze is a community-based traffic app that offers real-time road conditions. Drivers with Waze share road information with others on the app so you'll know if a road is covered in snow or has black ice before you leave your home.
