SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

CAMEO CHEMICALS SOFTWARE

With CAMEO Chemicals, you can search through the extensive chemical database to find chemical datasheets with critical response information, including physical properties, health hazards, information about air and water hazards, and recommendations for firefighting, first aid, and spill response.

NIOSH GUIDE TO CHEM HAZARDS

The NIOSH Pocket Guide to Chemical Hazards Native Application (mNPG) is a useful resource for workers, employers, and occupational safety and health professionals. The mNPG is a database of workplace chemical information including exposure limits, chemical/physical properties, personal protective equipment, respirators, and first aid.
