

HELPFUL APPS

SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

SNAPP II

Conduct detailed inspections covering each major system and component of heavy equipment. Indicate problems, disrepairs, malfunctions in the equipment performance.

MASTERCHECK

MasterCheck: Forklift Inspection App will easily enable your company to go paperless for forklift checklists and reports. Make sure that you comply with occupational health & workplace safety requirements and do your forklift circle check inspections on time.
