

HELPFUL APPS

SAFETEAM WEB APP

ZALEMO has developed safety management software and created a state-of-the-art application to help employers in any industry measure their safety performance, training needs, and even project manhours.

GO CANVAS

This mobile app is used to track safety procedures related to ensuring that industrial machinery is properly shut off and not restarted until maintenance or servicing work has been completed.

IMEC LOCKOUT TAGOUT

IMEC Lockout Tagout App allows you to both author Lock Out Tag Out Procedures and manage those procedures directly from your mobile device.
