

Dear Councillor,

We want to ask for further reduction in height to FOUR stories for the building along Fairway Ave. Fairway is a haven of green space and single-story homes. People use this corridor to walk to Veteran's Park. We need sidewalks!

It is also imperative that an exit/entrance onto Goldstream be included in these plans. Ensure that the developer provide a smoking section within the development, so that smokers do not spill out onto our streets.

Why did Planning & Zoning add the criteria that all homes on the developer's lots be removed by June?

Respectfully yours,
