

2023 SPONSORSHIP OPPORTUNITIES

Our Future is Olympic!

2023 NATIONAL CHAMPIONSHIPS

Savannah, Georgia

LETTER TO OUR SPONSORS

Dear Potential Sponsors,

We appreciate you reviewing our sponsorship deck and considering becoming a sponsor of the USPSF. As a sponsor, you are supporting the athletes and allowing us to continue shaping our industry and the future of our sport. We rely on our amazing sponsors to help us put on competitions while also providing resources, opportunities, and support to our pole and aerial competitors.

We see sponsorship as a partnership that allows us to support and promote those businesses that provide products and services that benefit our pole and aerial community. We are committed to providing as many opportunities as possible for sponsors' brands and messages to be shared with our athletes and national and international audiences.

We have built sponsorship packages to assist with various branding and marketing needs across a range of platforms and social channels. We understand that every business has different goals and finances and that no one-size-fits-all solution exists, so we've created sponsorship packages to help fulfill those distinct needs. We hope you will join us as a sponsor and support us in our mission to grow this sport for the benefit of our athletes and the future of our industry.

Sincerely,

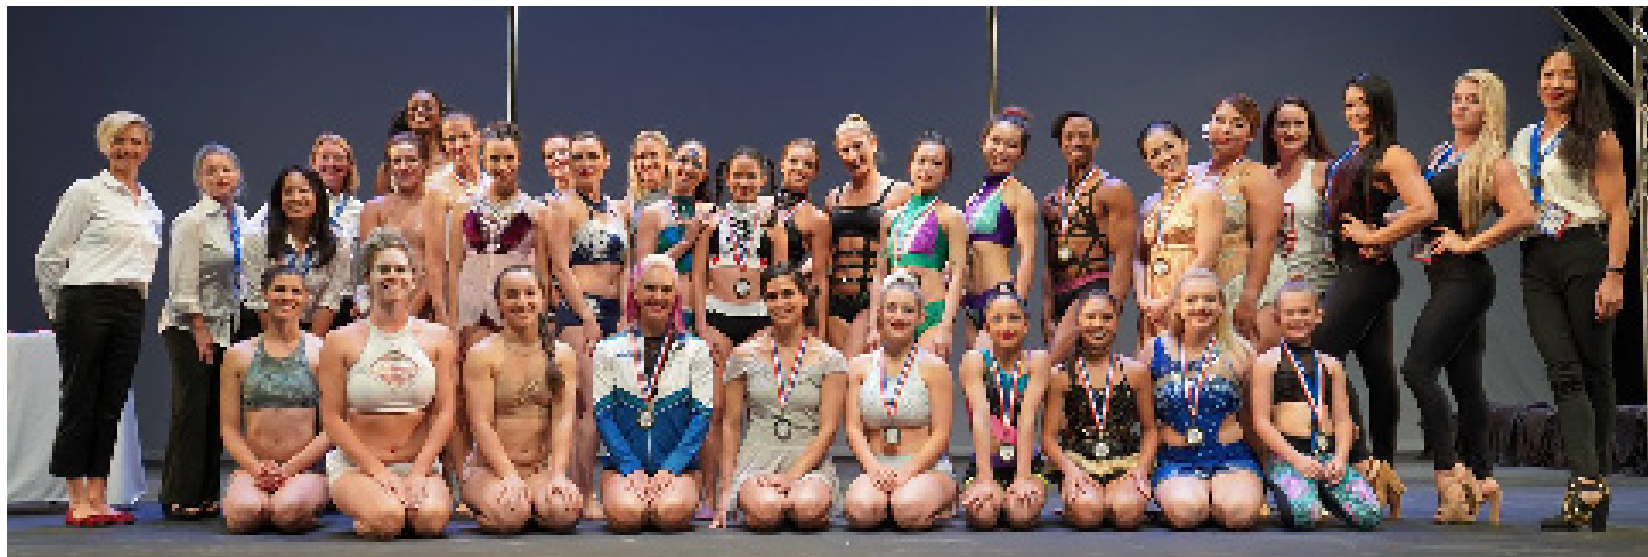

The USPSF Executive Team

ABOUT US

The US Pole Sports Federation (USPSF) is the national federation and governing body for Pole Sports in the United States. Founded in 2014 by Summer Vyne, as the US Pole Sports Federation, USPSF is a 501c3 nonprofit organization as well as a non-governmental national organization incorporated under US law. We exist to promote pole sport and its athletes as we strive for Olympic Recognition.

The USPSF is a community leader who is working to have Pole Sports recognized globally as a sport and eventually included in mainstream sports events and the Olympic Games. USPSF's mission is to promote, administer, and develop pole and aerial sports for athletes of all ages, levels, and backgrounds throughout the United States. Each year we hold competitions in Pole Sport, Pole Art, Classique, Aerial Hoop Sport, Aerial Hoop Art, Aerial Silks Sport, and Aerial Silks Art. Our top athletes make up TEAM USA, and go on to compete at the POSA World Championships.

USPSF IN THE COMMUNITY

International Participation and Recognition

USPSF is a member of the Pole Sports & Art World Federation (POSA), one of the international governing bodies for pole and aerial sports and the host of the Pole Sport World Championships, World Pole Art Championships, and World Aerial Sports Athletics Championships.

USA Sports Council Member

The USPSF has been accredited by the USA Sports Council. We are recognized as the governing body of Pole Sport in the USA, and are an active member of the USA Sports Council.

NAPLA Partner

We believe that strategic partnerships help elevate our sport and bring more value to our athletes. We are proud to announce a huge collaboration for North America: The North American Pole Alliance (NAPLA). NAPLA was established in 2017 by the Canadian Pole Sport and Arts Federation (CPSAF) and the US Pole Sports Federation. In 2019 Asociación de Pole México joined the NAPLA. This partnership brings together three federations to allow their athlete to cross compete at each others competition and join in on more opportunities for training and development. To have an entire continent come together is not always easy, but we are excited to share that three visionary federations have come together to bring more benefits to their athletes.

USPSF AT WORK

Mission

To create, regulate, administer, and develop Pole and Aerial Sports, Pole and Aerial Art, and Pole Classique in the United States for the benefit of millions of athletes of all ages and levels.

Objectives

- To advance, promote, and protect the character, status, and interests of Pole and Aerial Sports throughout the United States.
- To collaborate with the International Federation to create standardized rules for regional and international competitions.
- To enforce the Code of Conduct and Standards of Ethics for both athletes and officials.
- To advise and assist USPSF Regional Member Bodies and Associate Members with the administration of Pole and Aerial Sports in their respective regions and organizations.
- To represent the United States and Pole Sports in the Olympic Movement.
- To contribute to the advancement of the pole and aerial community by assisting, creating, collaborating, and educating studio owners and coaches.

Vision

We hope to educate and inspire the general public and future athletes about the benefits of Pole and Aerial Sports and competitions. Our goal is to assist the POSA World Federation in gaining sporting recognition for Pole Sports by collaborating with local sporting agencies/councils and the US Olympic Committee.

MEET OUR TEAM

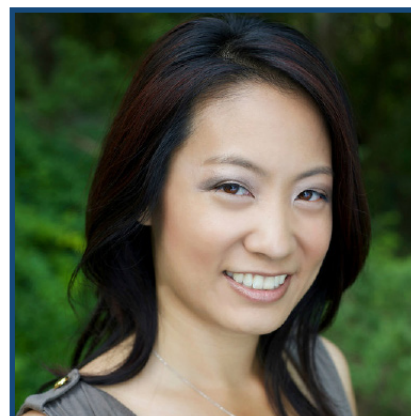

The USPSF executive team is made up of passionate volunteers dedicated to advancement of pole and aerial sport while fulfilling the mission, vision and goals of the USPSF.

USPSF COMPETITIONS

The USPSF Pole and Aerial Championships are intended to meet POSA World Federation standards as well as Olympic goals. Our Semi-Final and National events lay the groundwork for the future of pole and aerial sports, and serve as a competitive showcases for the pole and aerial community to educate the public on the professionalism, athleticism, beauty, and grace of our sport. From our Pole Sport competition and Pole Art America competition, qualifying athletes can advance to the POSA World Pole Championships, and our qualifying Aerial Sport athletes can advance to the POSA World Aerial Championships.

ANNUAL EVENTS

Each year the USPSF hosts two competitions for pole and aerial athletes, Virtual Semi Finals and the National Championships as well as Code of Points training, Judges Certification Training and a variety of live and virtual workshops to help prepare athletes for the competition stage.

Virtual Semi-Finals

Competing in the Semi-Finals allows athletes to create a routine that will be judged by our Certified Judges. This valuable feedback gives the athlete an advantage when competing at Nationals. Athletes are not required to compete in Semi-Finals in order to qualify for Nationals. New judges under apprenticeship have the opportunity to gain practical judging experience during Virtual Semi-Finals.

National Championships

The USPSF National Championships is held over three days and showcase the talents of US pole and aerial athletes, awards the 2023 US Champions, and sends them to the annual POSA World Championship Competitions to represent the USA.

2023 BONUS!

This year we have the privilege of hosting the Canadian National Championships and the Pan American Championships simultaneously with the USPSF National Championship Competition. All three competitions will take place in Savannah Georgia, August 11-13, 2023.

2023 ATHLETE ADVANCEMENT

We are proud to be a gateway of advancement for our athletes to compete at higher levels and on international stages as they represent the USA.

USPSF National Championships 2023

The 9th Annual USPSF National Championships 2023 will be held on August 10-13 in Savannah, Georgia.

Athletes who have placed top 3 (three) in the each category in the national competition will automatically qualify for POSA World competitions:

- World Aerial Championship 2023, Cervia Italy - Sept 5-10, 2023
- POSA Pole Sport World Championships 2023, Jyväskylä, Finland - Nov 23-26, 2023
- POSA World Pole Art Championship 2023 - TBA

Pan American Championships 2023 - Savannah Georgia

The winners in all categories in the ranking at the Pan American Championships are automatically qualified for the semifinals of Pole World Championships. (see bullets above)

CSIT World Sport Games and World Aerial Championship 2023 - Cervia, Italy

The top 10 pole athletes at the 2022 POSA World Championships are automatically qualified for the direct finals of the CSIT World Sports Games.
