The following athletes are eligible to participate in the Pole and Aerial Sports World Championship 2025:

- Athletes who meet the criteria outlined in the 2025 Rules & Regulations (for both Pole Sport and Aerial).
- The top three athletes (in Amateurs and Competitive categories) from the National Pole & Aerial Sport Championships in 2025 (depending on the date of the qualifying competition).
- All athletes who have been automatically admitted by the International Federation (Wild Card athletes).

The International Federation, together with the Local Organizing Committee (LOC), has decided to include the Junior Varsity Amateur and Competitive categories—both in Pole Sport and Aerial Sport— in this competition!

POSA CHAMPIONSHIPS FINALS & PASSPORT RULES

Top ten in each category will qualify for the finals.

No more than two (2) athletes per country (same nationality) are admitted to the final. This means that only the first two athletes from the same country will be admitted to the final. In case of more than two athletes from the same nation in the top ten semifinals, the next athletes of different nationalities in the ranking will then be admitted to the final until a total of 10 athletes are reached.

In case of a tie at any position at the end of the qualifications see POSA Code of Points.

This rule could also be applied to Aerial's competition, should there be a need to organize semifinals and finals. **WARNING: In this competition THIS RULE DOES NOT APPLY to the Aerial categories, but to the Pole Sport competition only.**

SCORING AND DISTRIBUTION OF RESULTS

Once the competition has finished, by request, all delegations will be provided with a complete set of results (Difficulty only) and feedback of artistic and execution results by e-mail. However, requests must be sent to the international federation within one week after the end of the competition, after that date, it will no longer be possible. (Please refer carefully to the Rules & Regulations 2025).

TIE BREAKING RULE

In case of a tie at any position at the end of a competition, see POSA Code of Points.

INQUIRIES PROCEDURE

Inquiries for the difficulty scores will be allowed if they are made verbally immediately after the publication of the score or at the very latest before the end of the routine of the following athlete (then 4 minutes). For the last athlete of a rotation (rotation=group of athletes, for example 1st Group of athletes during the competition is called "rotation"), this limit is one minute after the score is shown on the scoreboard.

The person designated to receive the verbal inquiry will have to note the time of receiving it, which will start the procedure. Only the accredited coaches present in the competition area will be entitled to submit an inquiry. Late verbal inquiries will be rejected.

A federation will not be allowed to complain against an athlete from another federation.

The inquiry will have to be confirmed in writing as soon as possible, but at the latest within 4 minutes of the verbal inquiry will require an agreement of payment of **EUR 150**— for the first complaint, **EUR 300** — for the second complaint and **EUR 600**— for the third complaint. Should the inquiry not be confirmed in writing within 4 minutes, then the procedure will become obsolete.

Should the inquiry prove correct and be accepted, this sum will be reimbursed. Every inquiry will be examined immediately by the Superior Jury and a final decision, which may not be made, will be made very soon, at the very latest:

- At the end of the rotation for the qualifying competitions, or at the end of all-around competitions.
- Before the score of the following athlete is shown for the finals.

The detailed procedure is laid down in the respective POSA Code of Points.
