GOD'S ROADMAP

Have you ever gone on a trip? "Of course," you would say. Did you plan for the trip, or just take off? If you planned, you set out things that you would need, personal items, clothes, money, and more. Then you would get your car ready with gas, check the tires, and the fuel gauge. You would take medicines, and many other things that you would need on your journey.

If you had been that way before, you might not need a map, but if it is a new journey it would be vitally important to have a map. There are companies that make "trip ticks". It shows all of the places where there are food and gas stations, and the exits that you need to take to get to your destination. Or you might load up your GPS with the address, and it gives you the route step by step.

But, what about the journey you are on with the Lord? Do you have "directions" to get to your destination? They don't just show up on your porch and say "do this on day 1, and this on day 2." No, my friend, you have to go to God's Roadmap for life. It is found in the Bible. It is full of topics for every situation. It has answers for faith; answers for healing; answers for doubt; answers for fear; answers for choosing a mate, and so much more.

We might ask someone how to use a map, but each person's roadmap will be slightly different. The ONLY way we can know the one for us is spending time reading the Word of God and listening to the Holy Spirit as we do.

Pastors and teachers can guide you, but you have to dig for yourself. If you don't, you may be misled and go the wrong direction. Holy Spirit will give you witness as you study just what the plan is for you. Don't take your "personal" journey lightly. God has an awesome plan that He will reveal one day at a time. If you haven't taken the time to read His Road Map, don't you think it is time to do just that? Be blessed!
