WHAT IS REALLY HAPPENING?

If we were to watch the news (which I don't) we would see mayhem, murder, money laundering, sex trafficking, drug busts, riots in the streets, volcanic eruptions, tsunamis, hurricanes, earthquakes, divorce, hatred, counterculture, cults, and so much more evil, that it would turn our stomach.

There have been words given by well known prophets that things are going to get better, while other prophets say brace yourself, everything is going downhill. There is more division in the church than ever, and the political atmosphere is totally out of control.

There is more money spent and more debt than the world even has. Families are torn apart, and disease is running rampant. Plagues have hit the world while there are fights over masks and over getting the "jab."

It reminds me of the angels that went to Sodom to get Lot out. Lot didn't want them to stay in the street because he knew they would get raped by the sodomizers of that city. Even though he knew the conditions where he lived were full of evil, Lot did nothing about it. His wife was so wrapped up in the evil that when the angels led them out, and was told to not look back, she looked back to this sinful lifestyle and was turned into a pillar of salt when the fire and brimstone fell and destroyed the city. Later his daughters got their father drunk and both got pregnant by him. Jesus said when he returned it would be as in the days of Lot.

You might think that sin is new, but it isn't. It has been around since the Garden of Eden. The gross sins that are happening have always been there, but they were "in the closet." Now they have come out and people are wondering how this happened. It happened because these people are lost, without God, and have become reprobates because someone did not tell them about Jesus. When someone becomes a reprobate, they are totally controlled by Satan and there is no turning back. It is too late. (Read Romans Chapter 1.)

All of these things taking place are bringing the world to its final chapter. It is setting the stage for the Antichrist to come on the scene and bring his "peace" plan. Of course, if you read the bible, you know his plan is all deception. How will this happen? The same way it has always happened because God's people don't spend time in "the book" of life. They are too busy with their own agenda and will be led like sheep going to the slaughter.

If you go to the average church, you will see there is nothing but worship and feel-good messages. If you ask someone what they like best about their church often you will hear, "the worship". You rarely hear about the cost of discipleship, and if you do hear preaching against sin, the church will lose its members because they think you are judging them. Because of this lack of evangelism, the church has become lukewarm, unable to grasp the conditions about it. It blames the government or the president, and rarely looks into the mirror at oneself.

The truth of the matter is, we are in the end of the end times, and the Lord is coming back soon. I know you are thinking that has been said for a long time and it hasn't happened, but we are in the age where it will happen.

Jesus told his disciples when the fig tree begins to blossom to look up. When that happens the generation that sees it would not pass away. The fig tree is representative of Israel, and it became a nation in 1948. That is 73 years ago. Some believe 70 is a generation while there are some that believe it is 80 or 50 or 100. It really doesn't matter. The time is nearly up for the generation that saw it become a nation.

Are you ready for the hard times that will come when Antichrist comes on the scene? You may think you will be gone in the rapture (catching away of the saints), but what if it doesn't play out before the tribulation? I pray that you are ready no matter when it happens.

Some believe there will be a great revival. I believe that there will be a great falling away from truth. That is already happening. Yes, there will be souls saved, but it takes someone to witness to these souls for that to happen. I rarely hear anyone leading someone to the Lord. For the most part everyone in the church thinks it is the Pastor's job. They are wrong. It is the Pastor, Prophet, Evangelist, Apostle, and Teacher's job to equip the saints to do this. If you haven't been trained, then you are in a church that is lukewarm, and God will spit that church out of his mouth.

Are we being negative? No, my friends, we are just telling you the truth, and now it is up to you to do something with it.
