THE NEW JERUSALEM – PART 5

The Description of the New Jerusalem found in Revelation 21:10-22-22:5 is a description of what it is like in heaven.

Just imagine it; jasper walls, a city with streets of gold which are clear as glass, foundations full of jewels, a city where God, Himself, is the light of the whole city.

A crystal-clear river flows from the throne of God. A tree of life is on each side of the river bearing its' twelve manner of fruits, one each month. The glory of God fills the place.

My late wife died, went there, and came back. She saw multiple gates swinging open. She saw flowers in fields with indescribable colors more brilliant than anything on earth, and the flowers seemed alive. I don't mean alive like we see them here; it was as if they each had a spirit of life and you could see through them and could almost feel, or "hear" them communicating love to you.

She saw a huge majestic building afar off. It came closer and closer, then she was taken into it where she saw many other people in robes of color. She was then carried down a corridor, carried from behind like you might carry a baby facing away. She sensed it was Him. She asked, "Is it you, LORD?" He then came around face to face with her and said, "Yes, my child." She had a very brief conversation with Him and was then sent back. She said all she could see of Him was a figure of pure light in the shape of a person. When she came back, she found that most of her physical ailments had been healed.

Others have seen marvelous sights including a crystal sea and many other things. The bottom line is that its' beauty far transcends anything known to man.

Jesus has prepared a room for each believer there. Praise God!
