NATIONAL SIN- PART 2

Another great national sin of America is the killing of innocent human beings. God hates it. He is pro-life. Oh, yes? Absolutely! He created life and gave man and animal the ability to reproduce life.

Satan is the destroyer of life. John 10:10 says (NIV) ***“The thief (Satan) comes only to steal and kill and destroy; but I (Jesus, the creative WORD) have come that they may have life, and have it to the full.”***

Abortion is the killing (murder) of innocent human beings. The liberals try to convince everyone that the baby in a womb is not a human being. They attempt to “dehumanize” it by calling it simply “fetal tissue” or just a “mass.” That is a lie from the pit of hell. Romans 1:25 says that they have ***“changed the truth of God into a lie.”*** Elsewhere it also tells us that in the last days they will turn the truth into a lie and the lie into truth. That is how Satan works; he is a liar and a deceiver, and he uses people to bring it about.

Nations are judged according to their leaders. Israel’s King Manasseh not only promoted the sacrifice of children to pagan gods, he also killed thousands of innocent adults, subjects of his own kingdom. God hated that and sent judgement, a harsh foreign military invasion, to ravage the land after Manasseh’s death. The Bible clearly states it was because Manasseh had shed so much innocent blood.

In 1973, the U.S. Supreme court legalized abortion nationwide. It was judged as a woman’s right to choose what to do with her own body. Does that really give her a moral right to do what she pleases with another person’s body? The living human baby in her womb is another person. She may have a right to her own body, but she has no moral right to destroy another person’s body. Just because something is legal does not make it moral or right or good. When she chooses to “eliminate the tissue” she is committing murder. The only “good” thing about it is that God immediately takes that innocent baby to heaven where it grows into a young child who is waiting to hopefully meet his/her mother up there some day.

Former President Barack Hussein Obama was a huge advocate of abortion (and homosexuality) as was his secretary of State Hillary Clinton. Obama sent Clinton to third world African nations to coerce them into using abortion as a birth control method. He threatened to withhold their foreign aid money if they did not comply.

Since the 1973 court decision, I would estimate about 100 million babies have been murdered in the womb. 60 million is the official number, but that number is about ten years old.

Another great national sin is human trafficking. Many children are abducted every year. Many are sold into sex slavery. Some are used in ritualistic human sacrifices which you never read about.

God allows all of this only for a season. Eventually, without national repentance, judgement will be poured out on the nation. Are we already seeing the “leading edge” of it with a Covid-19 pandemic? The worst is yet to come.
