CHAOS IN THE LAND

As I write this, the Congressional buildings in Washington, D.C. have been put into lockdown. There is chaos there. Shots have been fired, and it was reported someone was wounded. The media is saying there were thousands of Trump protestors involved in the chaos on the Washington mall. In looking at it on media, it did not appear that there were that many, but possibly there were. I don't believe those that have caused the chaos in Washington D.C. are truly grass roots Republicans. I believe they are disguised as such. Open our eyes to see the truth Lord.

How did all this chaos start? What is the real cause behind the mess that our nation is in? Who are the ones bringing chaos? Now, I may be mistaken, but I have to put the blame on a lukewarm church that has become so much like the world that it acts and looks like the world. The Church is full of bookstores, coffee shops, meetings and more that have not brought change to the average "church goer." The church was never intended to be a social club. The Church is the "body of Christ." It is supposed to represent Jesus, and what he gave his precious blood for. The church is supposed to be a witness to the lost and those that are in darkness, but they have hidden their light under a bushel.

If you are reading this, I pray that you aren't part of that kind of church. I pray that there is fire in you to rise up in this hour and be a witness for Jesus in this lost dark world that we live in. This morning I heard a word in my spirit, and I believe it came from the Lord. The word was, "death of a nation." Perhaps this is what it will take for us to bring about new life. Resurrection occurs after death!

Our nation as a whole, from state to state have turned away from God. There are some godly governors, like ours here in Florida, but so many states have rejected the word of God by legalizing abortion and homosexuality. Even churches have done the same. Is it no wonder that our country is in chaos? No one can make America great again my friends without repentance from the top down. Will the chaos continue. Yes, until we are brought to our knees as a nation. God brings judgement to bring repentance.

The remnant must rise up and do everything it can while it can wherever it can. We must let our light shine friends, while we can. There will be much persecution soon for those of us that stand for Jesus. Even if it is the death of a nation, God still has a plan. Let it come forth.
