ON EAGLE'S WINGS

Our country, the USA, has a national symbol and it is the eagle. When they were discussing what to use, Benjamin Franklin suggested the turkey, but the eagle won out. I do believe that there are a lot of turkeys in our country right now, but that is another story.

Eagles are very powerful birds and have keen eyesight. They can see for miles, and when they fly, they fly high above other birds. It has been said that an eagle can grab a snake and take it so high into the sky that the snake dies because it can't breathe.

In Isaiah 40:31 there is a promise that has been one of my favorites. It reads like this, ***"They that wait upon the Lord shall renew their strength, they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."*** God wants us to live overcoming-powerful lives like the eagle. He wants us to "fly high" above all that Satan tries to attack and attach on us and let those things fall off and die because they are suffocated with our faith in God's word. God wants us to shake those things off us and continue to fly with the breath of God holding us up.

We do not have to be downtrodden and depressed even with the current world situations. We need to rise above them and soar into the heavenly throne room and be renewed by the power of Almighty God. Remember, for every problem God gives a promise. Don't focus on the problem, focus on the promise and you will fly above them.
