A FAITH INJECTION

The scriptures tell us in Hebrews 11:6 that ***“without faith it is impossible to please God.”*** My question today would be, do you truly have faith? Do you believe when you pray that something is going to change, or do you just hope so? It doesn't say without hope it is impossible to please God. It takes faith. Faith moves mountains. Faith calms seas. Faith opens the eyes of the blind. Faith brings the dead back to life. Faith brings finances in miraculously.

If you don't have that kind of faith, then you need to have a faith injection.

What is that you might say? It is hearing the word of God. You see, faith comes by hearing the word of God. Faith does not come by listening to those around you that cause you to doubt and are lukewarm in their walk with God.

There are different levels of faith. It takes great faith to see great miracles, but they happen. You must be determined that above all things that you pursue faith. You must be like a bulldog that bites and never let's go of the promises of God. It can never be half-hearted and be controlled by fear.

You see, the exact opposite of faith is fear. Fear that you won't live. Fear that you won't have any money. Fear your family won't get saved. Fear of another plague or Covid. Fear that you will get sick, and on and on. We must eradicate fear from our minds. Our minds need to be renewed by the Spirit of God by listening to faith filled messages. You can choose to walk in faith or walk in fear. Faith in God's promises will remove fear!

Yes, we are in the last days, but our faith will see us through. Yes, you may be fighting disease, but faith in God's promises will bring miracles. Faith will transform you from a boy tending sheep to a giant killer. It is so much better to walk by faith than it is to walk by fear.

Find those that believe in the Word of God, act on the promises, and learn from them. Open your Bible and read it. Get a study Bible to help you find the promises you need, and then BELIEVE what you read, and say it is yours.

I can promise you that your life will be a lot better if you do that. You will walk victoriously and be an example to others. If you haven't gotten your faith injection, then today is a good day to get it! As always, be blessed to be a blessing!
