PROPHETIC WORD

Shake off the dust and rise up. This is not a time to back down. Rise up in my power saith the Lord and go forth and do mighty exploits. Yes you are tired but go forth in my strength. Yes you have been wounded but I am your healing balm. You must rise up now and do battle like you've never done. You must not back down for the battle is raging and you are making a difference. Do not look at what's lost. Look Unto me. It shall be recovered. You are mighty thru me saith the Lord for this is the time to shine like never before. Go forth now in my name! You shall see the victory as you go forth in my name saith the Lord.
