WE'VE GOT THE POWER

The scriptures say in 1 John 4:4, ***"...greater is He that is in you than He that is in the world"***. That is a mouth full. In spite of all the bad things that we see, and the many attempts to attack us, the enemy Satan is small compared to the power of God in us!

Just think, the scripture says ***"But if the same spirit of him that raised Christ from the dead dwell in you, he that raised up Christ from the dead shall also quicken (make alive) your mortal bodies by his spirit that dwelleth in you."*** Can you imagine that?

The very ***dunamis*** power that raised Jesus from the dead lives in you! Wow. We have that Power in us, and He wants to give us victory each and every day in each and every way. Holy Spirit brings life to dead things. All those dreams that may seem dead; your body that might be fighting to stay alive; your finances on the brink of ruin; that ***dunamis*** power is in you and you can tap into it.

God wants you to have His power in your life. It is a walk of faith to believe for it though. You must retrain your mind to keep fear out and the Word of God in. The more of the Word of God that goes into you, the more power you have. We have to take time to plug in to that power. It is a choice. We can choose to go with God and learn more or remain defenseless when the enemy comes. Once we learn who we are in Christ everything changes.

Yes, there will be battles, but the Holy Spirit will guide us through these hard times, and we triumph through His guidance. Don't settle for less than all God has for you my friends. He has given us his power; we just have to learn how to use it! Be blessed!
