THE SEVEN PRAYER MOUNTAINS – LESSON 9

FAMILY

The conjugal family unit (husband, wife, and children) is society's foundation for moral, ethical, and orderly behavior. When that is disrupted negative aspects emerge in the country: immorality, lawlessness, strife, instability, etc.

This nation was built upon strong family units along with faith. Satan (via liberalism and humanism) has attacked the family, even the very ideology of the traditional family unit and the sanctity of marriage.

Premarital sex (fornication), co-habitation (shacking up), divorce, abuse, neglect, abortion, and same-sex (homosexual) marriage are all against the Word of God. The result is the chaos we see today.

God set man and woman to be joined in matrimony for life. Divorce is never His will, although two conditions do allow for it. Although the man and woman suffer from divorce, it tears the family apart; and the children (even adult ones) are the greatest victims.

A strong family unit brings stability. Moral and ethical values are established and passed on generationally.

Prayer Points:

1. That marriage between one man and one woman will once again become the norm.
2. For marriages to be healed and strengthened.
3. That Christians will engage in spiritual warfare for their families
4. That children to the third and fourth generations will serve God.
5. That people will stand for life and defend the unborn
6. That fathers will take their place in the home.
7. Rebuke the demons of sexual immorality, perverseness, adultery, physical abuse, lust, family curses, etc.
8. That blessing will be loosed upon current and future generations
