LITTLE IS MUCH

A song says, "Little is much when God is in it." We can see this in Mark 8:1-9 where God [Jesus] fed 4,000 with seven loaves and a few small fish and after feeding the 4,000, there were seven baskets of food left over.

My friend, you may think that you do not have much to offer God, or to the church, or to those in need, or to the work of the Lord. However, we all have some type of ability, no matter how small, weak, or feeble it may seem to be. The amount does not matter. It is YOU that he desires.

God can use whatever you can offer, no matter how small it might appear to be. He can do amazing things with it which are beyond your imagination. All He desires is that you do your small part. Then he can multiply the effectiveness of it beyond anything seen with the natural eye. He desires that you to offer up what you can. You must willingly choose to do it. He is not going to pluck it from you.

Little is much when God is in it. He will do what you think is impossible.

Trust him. Serve and honor him with all you've got. Then, watch and see what he can do. You might never see it on this earth, but it will be seen in heaven, and you will be rewarded for what you do there.

But do not do it for the reward. Do it because you love him and are devoted to him. It is because of the love and the good pure motives of your heart that he will bless and multiply it.
