PSALM 127:3
THE CHILDREN

Psalm 127:3 says, ***“Lo, children are a heritage of the LORD (Jehovah, YWHW), and the fruit of the womb is His reward.”***

Heritage:

1. That which comes to or belongs to one by reason of birth; an inherited lot or portion
2. Something reserved for one
3. That which has been inherited by legal descent or succession

This tells us that all children, born or unborn, belong first and foremost to Almighty God, the Most High, Holy One. They are conceived and born by his instruction and for His purposes.

In Genesis 1:28, upon making man male and female (Genesis 1:27) God told them, ***“Be fruitful, and multiply, and replenish the earth...”*** So, man did so up to the time of Noah.

After God wiped out sinful mankind sparing only one family, He once again repeated that instruction to Noah’s family in Genesis 9:1 saying, ***“Be fruitful, and multiply, and replenish the earth.”***

God, through His creation, made this possible. All children belong to Him. The ***“fruit of the womb”*** is HIS reward and a gift from Him to mankind (the parents). We are to treasure the gift of children He has given us.

When you take something away from God by your own decision, you are stealing from Him. Why would anyone choose to steal (as a thief) from Almighty God? That is exactly what happens when one chooses to abort a child from the womb. It is stealing what belongs to God. The baby does not belong to the woman. It is a gift to her from its owner, God. She has no right to steal from God.

God does sometime choose to take his child “home” to himself very early, but that is His choice, not yours. We may call it miscarriage or stillborn, but that is His choice, and His alone. The child is His and He owes you no explanation.

The abortion industry steals from God. It is a satanic industry. Satan is empowered by the shedding of innocent blood. None is more innocent than a babe in the womb or an infant.

Texas has just passed a law, making abortion illegal once the “fetus” (baby) has a detectable heartbeat. The law has already been challenged in court. Oh, by whom? By the Temple of Satan. They are challenging its constitutionality based on the first amendment; freedom of religion makes it illegal for the government to make any law that infringes against ones’ religion. Part of their religious rituals include the “sacred” performance of abortion. They value the sacrifice of innocent blood.

We need to pray earnestly that our Supreme Court will overturn Roe v. Wade which made abortion a “constitutional right” all across America.

This is a demonic stronghold on our country. Let us “bind the strongman” and plunder his house. Let us do our part here to protect God’s children.

Intercessory prayer is where it begins. Social or political activism “puts legs” to our prayers.
