## THE POWER OF PRAISE

Everyone likes to be praised: you, me, the person on the street, etc.. God is no exception. Praise brings favor. The psalms speak much about praise.

There is no more powerful activity we can do than to give God ample and sincere praise. Psalm 149:6 tell us just how powerful it is. It says in verses 7-9, that praise will do these things:

1. Executes [carries out] punishment upon the ungodly [heathen].
2. Binds kings in chains and their nobles [leaders].

Verse 9 says that God has given us believers the HONOR of judging them.

That is the power God gives to those who praise Him. There is no limit to what God will do for His people who sincerely and profusely praise Him.

Praise ye the LORD! Hallelujah
