THE DAY OF RECKONING

Over ten years ago I received a spiritual visitation. I awoke from a night's sleep and at the end of my bed stood a person with a black suit, purple shirt, and dark hat on. I had no fear; I knew that God had sent him. He had a paper in his hands and read the words on it. He said aloud, "The day of reckoning is at hand." Then immediately he disappeared.

I truly believe that God sent this angelic being to warn the body of Christ that we needed to prepare ourselves for that "day of reckoning." What does the day of reckoning mean? It means that the books are opened to see if they balance.

If you "reconcile" your bank account, you take the credits [deposits] and the debits [withdrawals] and after subtracting the debits from the credits you see your balance. If your figures do not match the bank, then you go back through your deposits and withdrawals until you find the error. Banks do make mistakes, and if that happens you must deal with them.

In this case, this angelic being was letting me know that God is "balancing" his books. The book that is most important is the Book of Life. Your name is placed in that book upon your birth but can be removed when you reject Christ as your Savior. The balancing comes from what you did with your life from birth to death. For the lost this will take place at the Great White Throne of judgment after the thousand-year reign of the righteous on earth.

For those that know the Lord, they will be rewarded after salvation for the works that they did for the Lord during their Christian walk. Works will not give you a place in heaven but works bring rewards after salvation for those that receive Christ.

Why would the Lord bring this to me again today? I believe it is a warning that we need to be prepared for the "reckoning." We see in Revelation that before the Lord's return that two-thirds of the people on earth will die. Those two-thirds would have had to make their choice before death to follow Christ. It will be too late after death.

The "Day of Reckoning" is here my friends. Do not let sin keep you from receiving the Lord and the rewards God wants you to have. Keep your life pure, holy, without spot or blemish before His return. It could happen any day.
