2024 – THE YEAR OF THE RETURN

You have already heard many words regarding the new year of 2024. That includes the word Prophetess Helen Sanders heard from God: The Year of the Return. What might that mean?

I believe the central core of that word means a return to our first love of the Lord for each of us individually. How about a “return to the God of our childhood?” Jesus taught us to be as little children in our faith toward Him and our love for Him. That would be the greatest return.

Such a return would affirm the protections found in Psalm 91:2-4. What are these protections from the Lord?

1. He is my refuge (place of safety).
2. He is my tower (a defensive military outpost).
3. He delivers from snares (Satan’s traps).
4. He delivers from pestilence (any malady that attacks us).
5. Under the wings of his angels, He covers us with feathers.
6. His truth is our shield.

Why are these protections of Psalm 91:2-4 so important for 2024? Because this may very well be the year war comes upon America. Do not be caught unprepared. Do not be surprised if we are attacked by China this year. That would likely open the door for Russia to join China against us.

This is why we each must return to our first love of God in childlike faith and trust.

Please study very carefully the prophetic word from Helen in today’s newsletter. Kingdoms (nations) against kingdoms (nations), war, bloodshed, sudden deaths.

But for those believers “who have returned” they will not only have Psalm 91’s protection, but they will also be used mightily by God to bring light, truth, and salvation to many who have been shaken by the horrors of war. Many shall be converted to Jesus. God will use “the returned” (the remnant) to show forth miraculous intervention.

While many will die, many others will turn to Jesus. It is our greatest moment to do His works. We shall fulfill the destiny He has planned for us.

Return!
