THE SEVEN MOUNTAINS PART 1

INTRODUCTION

A mountain is large and considered to be immovable. The word “mountain” is also used figuratively to represent something that almost seems to be unchangeable or immovable. It could be a spiritual stronghold. It could be something in ones’ life that seems like an insurmountable blockage. It can also represent a government or any kind of strong force affecting the world or the people in it.

We will discuss “The Seven Mountains of Society” and translate that into “The Seven Mountains of Prayer.” Jesus said in Matthew 17:20 (NKJV): ***“If you have faith as a mustard seed, you will say to this mountain, ‘Move from here to there’ and it will move; and nothing will be impossible to you.”*** This involves two factors working together: 1. Faith, and 2. Speaking.

Faith is like a muscle; the more you use it, the stronger it gets. When you speak a word in faith, things happen. We need to exercise our faith so as to build it into a mountain moving faith.

In the past decade, I have heard much in church about the “Seven Mountains.” They are referred to as the “Prayer Mountains” which can influence all aspects of our society as we take our places as “the salt of the earth”. Here is a list of the “Seven Mountains of Society.”

1. Media
2. Government
3. Education
4. Business
5. Religion
6. Family
7. Arts and Entertainment

Our every day life is impacted by all seven of these areas of influence. We have seen how Satan has had great influence in these areas. As we examine each of them, we will discuss how we, as Christians, can make a difference for the good.

This is important. Remember the saying, “All it takes for bad things to happen is for good people to do nothing.” We will examine each of the seven mountains of influence to see how through intercessory prayer we can “move” each of these areas farther from evil and closer to good.

We will call it: “The Seven Prayer Mountains.”
