WALKING IN VICTORY

If I were to ask if you are going through a battle, I would find that most everyone would answer with a big “yes.” Some battles are very intense, and some other battles are small “fires” that you have learned to put out.

We go to the promises of God to determine our outcome. Battle weary soldiers often forget that God has told us in 2 Chronicles 20:17, ***“Ye shall not need to fight in this battle: set yourselves, stand ye still, and see the salvation of the LORD with you....”***

This scripture describes the absolutely impossible situation in the natural that King Jehoshaphat was in. The enemies were surrounding him with no way out. He called upon the Lord and the Lord responded with verse 17. He did not have to do anything but trust God that the battle would be won, and it was won. God instructed him to have the singers go first into this situation, and as they sang, ***“Praise the LORD; for his mercy endureth for ever,”*** God caused his enemies to be defeated.

Jehoshaphat had to see this in his heart before it happened. This required faith. He saw the victory as being his before anything happened. Then, as the worshippers went forth, the battle was won. King Jehoshaphat was confident that God would do what he said. This caused him to walk in victory before victory came in the natural.

So, if you are facing a battle whether it is illness, financial lack, discord, or anything else, find the promise of God that pertains to your situation (dig it out of the word!) and then start praising God for the victory. Watch God perform His word my friends. See it as if it is already done. Don't doubt His promises. Walk in victory for the battle belongs to the Lord!
