2021 – THE YEAR TO RISE UP AND DO BATTLE

As Christians, we are in a war. The enemy is Satan, and his plan is to kill, steal, and destroy. We are on the winning side because our Champion, Jesus Christ has won the victory already. Satan is a defeated foe. We walk the victory out day by day using the weapons of our warfare that are mighty through God. Our Champion has given us the armor to wear, and the Word of God that is our sword. We go into battle with the promises of God and we come out victorious through the blood of Jesus Christ.

As we go into this New Year, I want to encourage each of you to wear your armor and fight the fight of faith. Be relentless in your pursuit of victory. Yes, there may be a few battle scars, but God will see you through!

I would also say do not let the results of the election one way or another influence your walk of faith. Our victory is not dependent upon who is in the oval office. Our victory comes through Jesus Christ. He is the champion. He is the one that makes life greater. He is the only source of life that counts. He makes life greater!

I see this coming year as year of change. There will be difficult times that will test your faith greater than it has ever been tested, but you will come through as gold tried in the furnace of affliction if you faint not. I see God putting the puzzle pieces together for his return. Many things must happen before that return.

Many anticipate His coming before the Great Tribulation, but in studying and teaching the Book of Revelation, I see that it may not be the case. There are many things that happen to believers before the last trump sounds. I suggest that you prepare yourself for the hard times of those days. It is better to be prepared to go through them than to wish you had prepared. How do you prepare? You prepare spiritually by building up your faith, and you prepare in the natural for hard times. 2020 proved to be a year that you could not buy basic necessities, so prepare for those times again.

I believe this is our greatest hour to bring in the harvest for Jesus. There are so many lost souls out there that need to know of His love. I pray that you share your testimony with many and bring them into the kingdom. That is the only thing that can change a person. It starts on the inside and works its way out. I see a remnant rising up like never before, fighting the fight of faith and taking ground from Satan. He knows his time is short my friends, and he will do everything he can to stop your assignment. Don't let him. Have determined faith to do what God has called you to do. Be willing to pay the price.

In closing today, I pray that God will bless you and keep you, may his face shine upon you. May Holy Spirit guide you into all truth, and that whatsoever you put your hand to will prosper so you can further the kingdom of God. Happy New Year!
